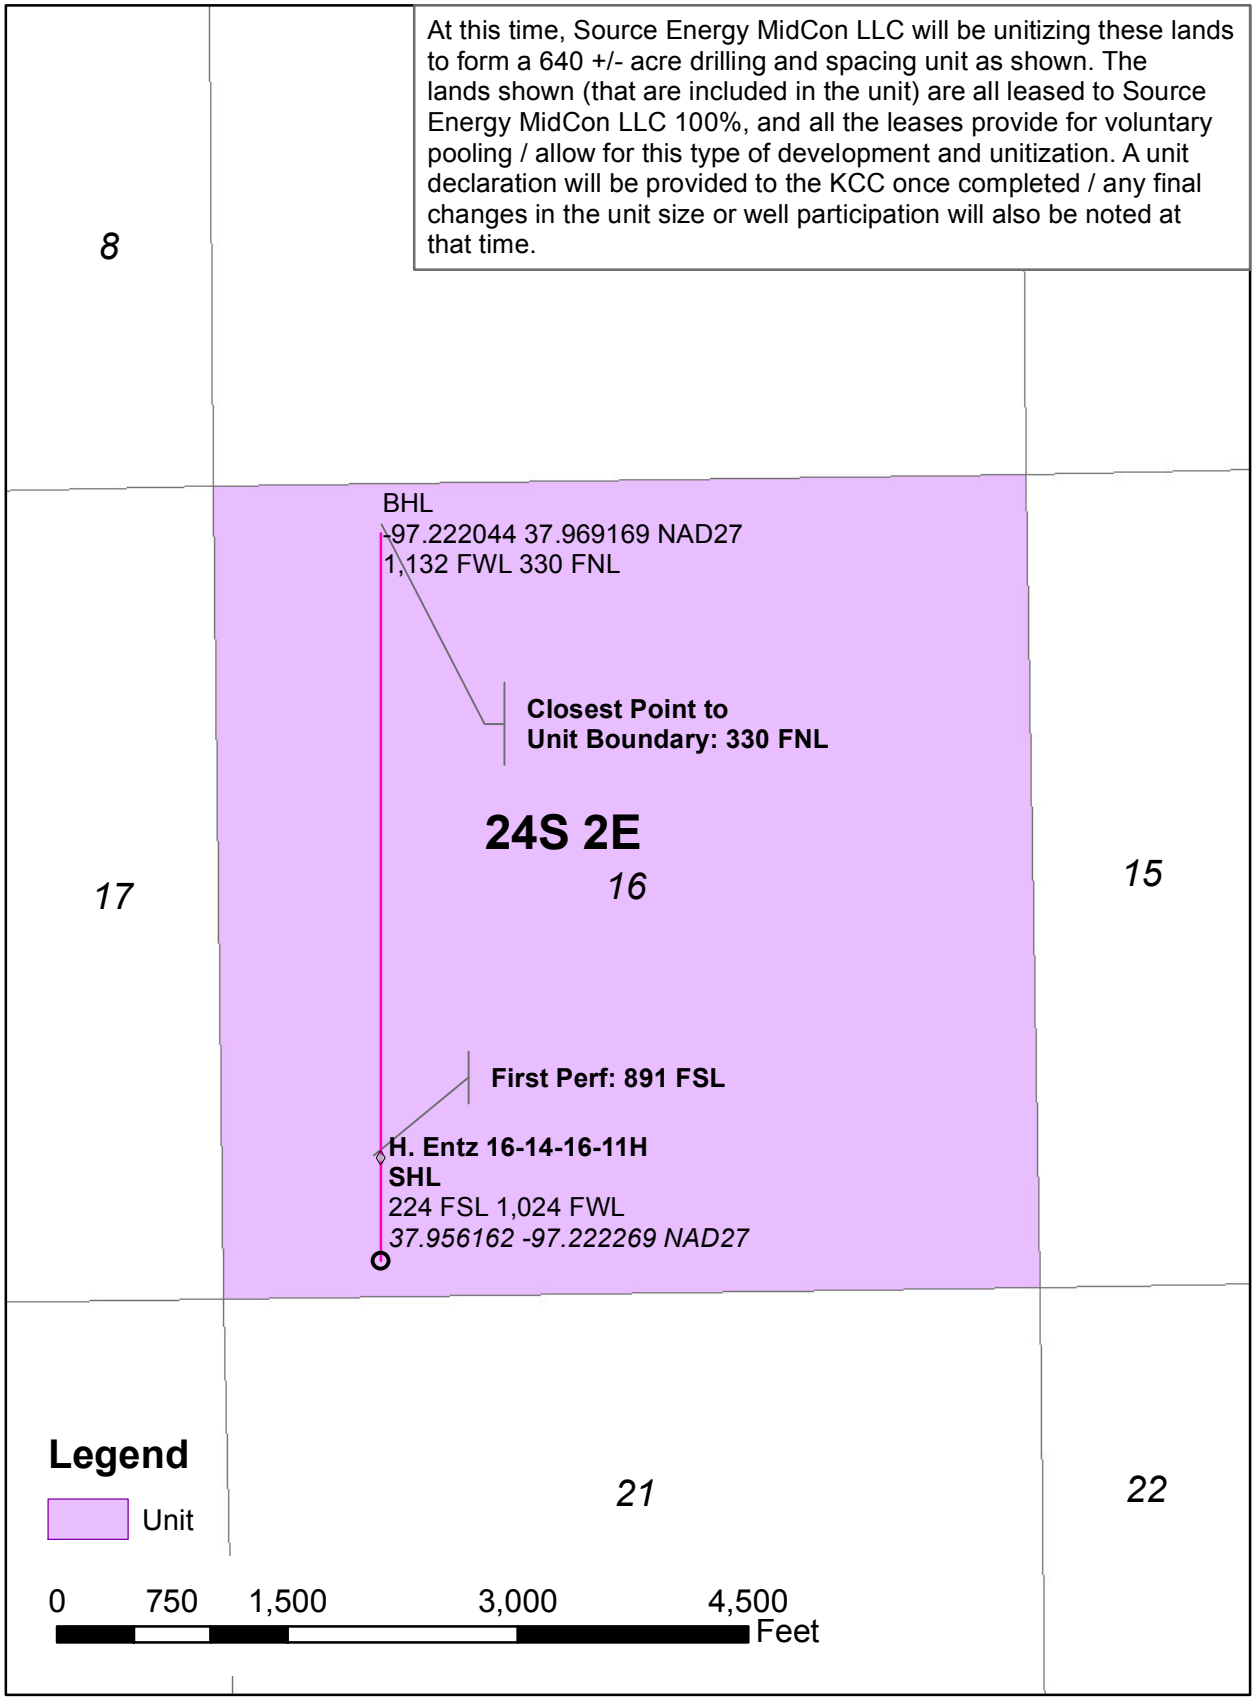
Source Energy MidCon, LLC
Unit Proposal (NAD27)
Proposed Source 640 +/- acre unit


At this time, Source Energy MidCon LLC will be unitizing these lands to form a 640 +/- acre drilling and spacing unit as shown. The lands shown (that are included in the unit) are all leased to Source Energy MidCon LLC 100%, and all the leases provide for voluntary pooling / allow for this type of development and unitization. A unit declaration will be provided to the KCC once completed / any final changes in the unit size or well participation will also be noted at that time.
