### OIL AND GAS LEASE

THIS AGREEMENT, E	Entered into this the 10th day of C	ctober		20 05	between
Melford D. Dewald, T	rustee of The Melford D. Dewald	Trust			
- Amorian Morris			hereinafter call	ed Lessor (wheth	er one or more),
and American Warric	or, inc.			,hereinafter	r called Lessee:
herein provided and of investigating, exploring gases, and their respect tanks, power stations, t transport said oil, liquic otherwise caring for its	ation of Ten dollars (\$10) & O.V.  If the agreements of the lessee her g by geophysical and other means, ive constituent products, injecting g telephone lines, and other structure d hydrocarbons, gases and their res employees, the following describes  State of Kanss  der (SE/4)	ein contained, hereby gra prospecting drilling, mini- gas, water, other fluids, and s and things thereon to pro- pective constituent produce d land, together with any r	ants, leases and lets exclusive ing and operating for and produ- d air into subsurface strata, layi roduce, save, take care of, trea its and other products manuface eversionary rights and after-ac-	ly unto lessee for ucing oil, liquid h ing pipe lines, stor t, manufacture, pre- ctured therefrom.	r the purpose of nydrocarbons, all ring oil, building rocess, store and and housing and
In Section 6 accretions thereto.	, Township 19 South	, Range 21 West	and containing 160	acres, mor	e or less, and all
	sions herein contained, this lease sh				date (called

Subject to the provisions herein contained, this lease shall remain in force for a term of Three (3) years from this date (called "primary term"), and as long thereafter as oil, liquid hydrocarbons, gas or other respective constituent products, or any of them, is or can be produced from said land or land with which said land is pooled. If, due to circumstances beyond Lessee's control, Lessee is unable to obtain a rotary drilling rig prior to the expiration of the primary term, Lessor agrees that Lessee shall have a reasonable time, not to exceed ninety (90) days, within which to obtain such rotary drilling rig and commence operations for the drilling of a well.

In consideration of the premises the said lessee covenants and agrees:

1st. To deliver to the credit of lessor, free of cost, in the pipeline to which lessee may connect wells on said land, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises.

2<sup>nd</sup>. To pay lessor for gas of whatsoever nature or kind produced and sold, or used off the premises, or used in the manufacture of any products therefrom, one-eighth (1/8), at the market price at the well, (but, as to gas sold by lessee, in no event more than one-eighth (1/8) of the proceeds received by lessee from such sales), for the gas sold, used off the premises, or in the manufacture of products therefrom, said payments to be made monthly. At any time, either before or after the expiration of the primary term of this lease, if there is a gas well or wells on the above land (and, for the purposes of this clause, the term "gas well" shall include wells capable of producting natural gas, condensate, distillate or any gaseous substance and wells classified as gas wells by any governmental authority) and such well or wells are shut-in, before or after production therefrom, lessee or any assignee hereunder may pay or tender annually, within sixty (60) days after the end of each yearly period during which such gas well or gas wells are shut-in, as substitute gas royalty, One Dollar (\$1.00) per net mineral acre retained hereunder, for the acreage then held under this lease, by the party making such payments or tenders, and, if such payments or tenders are made, it shall be considered under all provisions of this lease that gas is being produced from the leased premises in paying quantities.

This lease may be maintained during the primary term hereof without further payment or drilling operations. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years first mentioned.

If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided for shall be paid the said lessor only in the proportion which lessor's interest bears to the whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil and water produced on said land for lessee's operation thereon, except water from the wells of lessor.

No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of lessor.

Lessee shall pay for damages caused by lessee's operations to said land.

Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

If the estate of either party hereto is assigned, and the privilege of assigning in whole or in part is expressly allowed, the covenants hereof shall it was extend to their heirs, executors, administrators, successors or assigns, but no change in the ownership of the land or assignment of rentals or royalties shall be binding on the lessee until after the lessee has been furnished with a written transfer or assignment or a true copy thereof. In case lessee assigns this lease, in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

Lessee may at any time execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

All express or implied covenants of this lease shall be subject to all Federal and State Laws, Executive Orders, Rules or Regulations, and this lease shall not be terminated, in whole or in part, nor lessee held liable in damages, for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such Law, Order, Rule or Regulation.

Lessor herby warrants and agrees to defend the title to the lands herein described, and agrees that the lessee shall have the right at any time to redeem for lessor, by payment any mortgages, taxes or other liens on the above described lands, in the event of default of payment by lessor, and be subrogated to the rights of the holder thereof, and the undersigned lessors, for themselves and their heirs, successors and assigns, hereby surrender and release all right of dower and homestead in the premises described herein, in so far as said right of dower and homestead may in any way affect the purposes for which this lease is made, as recited herein.

Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, only when drilling will occur at a point that is situated less than 330 feet from a boundary line between Lessor and an adjacent land owner. Such pooling to be into unit or units, which will encompass the minimum amount of land necessary to complete the pooling, referenced herein. Lessee shall execute in writing and record in the conveyance records of the county in which the land herein leased is situated an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of Lessor's acreage placed in the unit or Lessor's royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved.

If at the end of the primary term, this lease is not otherwise	extended by production, le	essee or its assigns is hereby gr	anted an
option to extend this lease for an additional one (1) year. In

### **EXHIBIT A**

- 1. Lessee acknowledges that the real estate that is the subject of this lease agreement is currently enrolled in and is participating in the Conservation Reserve Program (CRP) through the USDA Farm Service Agency, and Lessor has planted or will plant long-term resource-conserving cover on the subject real estate to improve the quality of water, control soil erosion, and enhance wildlife habitat. Lessee agrees that at the expiration of the drilling operations, said real estate will be returned to the same condition that exists in the real estate owned by Lessor planted or seeded for the CRP program within the same section as the drilling operations were conducted. In the event Lessor's enrollment in the Conservation Reserve Program is adversely affected by Lessee's failure to return the subject real estate to same condition that exists on real estate within the same section owned by Lessor planted or seeded for the CRP program, then in such event, Lessee shall assume and pay Lessor all payments Lessor would have received for Lessor's participation in the Conservation Reserve Program for each year remaining in the Lessor's Conservation Reserve Program enrollment term. Additionally, in the event a pumping unit is placed upon the subject real estate, Lessee shall hold Lessor harmless from any and all amounts which Lessor is required to re-pay the Conservation Reserve Program as liquidated damages.
  - 2. Any tanks or gunbarrels shall be placed along the edge of the quarter section.
- 3. Before building any roads, Lessee and Lessors shall mutually agree as to the site for the roads. Lessee shall have the right of ingress and egress to and from any well located upon the real estate described in this lease.
- 4. The Lessee shall not, notwithstanding the provisions to the contract, inject any gas, water, or other fluid and air into any subsurface stratum which contains water suitable for irrigation purposes or for domestic water suitable for irrigation purposes or for domestic consumption or livestock consumption.
- 5. Lessee shall bury all pipe lines at least 48 inches below the surface of the above described real estate.
  - 6. Lessee shall haul trash to the landfill and shall dump no trash in any pits.
- 7. Lessee agrees to conduct operations in such a manner that will result in no surface contamination. In the event Lessor, in the sole determination of Lessor, suffers any damage for spillage of salt water or inadequately disposing of oily water, then Lessee agrees to pay Lessor an amount determined by Lessor for the damage. If Lessee disputes the amount of damages determined by Lessor, then Lessee and Lessor will agree upon a third party to determine the amount of damages that Lessee will pay Lessor.
