WHEREAS, Lessor is the present owner of all of the minerals in and under the premises leased under both of the above described leases and is the owner of the entire lessor's interest under both of said leases, and Lessees are the owners of all of the leasehold interests created by both of said leases, all as is shown of record in Ness County, Kansas; and

WHEREAS, the parties hereto desire to consolidate the above described leased premises and the entire leasehold estates created by both of such leases, both as to the royalty and leasehold interests, the same as though all of the above described acreage had been covered by one lease.

NOW, THEREFORE, for and in consideration of the premises and the sum of Ten Dollars (\$10.00) and other good and valuable consideration, in hand paid by the Lessees to Lessor, the receipt of which consideration Lessor hereby acknowledges, the parties agree as follows:

FIRST: It is agreed that all of the above described leased premises under both of said oil and gas leases are hereby pooled and consolidated as to the entire leasehold estate of both leases, both as to the royalty and leasehold interests created by such leases, the same as though the entire acreage covered by said leases had been included in one lease. Drilling operations and production on the acreage covered by either of the above described leases shall be treated for all purposes, except the payment of royalties and leasehold interests on production, the same as if said drilling operations and production were on the acreage covered by both of said leases.

SECOND: It is further understood that the premises and leasehold estates consolidated hereby shall be operated as one lease, and without limiting the generality of the foregoing, it is specifically understood and agreed that Lessees may at their option set a common tank battery to serve production from all of the premises consolidated hereby, and that there shall be no obligation upon the Lessees to set separate tank batteries upon each of the leases hereby consolidated.

THIRD: All royalties accruing under either of the leases hereby consolidated shall be treated as an entirety and shall be prorated among the owners of said royalty in the proportion that the number of acres owned by such owner in the consolidated premises bears to the total acreage in the consolidated premises. Likewise, all payments for production attributable to the leasehold interests under either of the leases hereby consolidated shall be prorated and paid to the owners of such leasehold interests on the basis that the acreage covered by such leasehold interest in the consolidated premises bears to the total acreage in such consolidated premises.

FOURTH: This consolidation shall be effective with the first run of oil from the leased premises hereby consolidated.

FIFTH: This agreement and the terms and conditions hereof shall extend to and be binding upon the parties hereto and their

respective heirs, successors or assigns, and shall be considered as covenants running with the above described oil and gas leases.

IN WITNESS WHEREOF, the parties hereto have caused this Consolidation Agreement to be executed as of the day and year first above written.
