WHEREAS, said Oil and Gas Leases provide *inter alia* as follows:

"Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases, in the immediate vicinity thereof, when in Lessee's judgment it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises, such pooling to be of tracts contiguous to one another and to be into a unit or units not exceeding 40 acres each in the event of an oil well, or into a unit or units not exceeding 640 acres each in the event of a gas well. Lessee shall execute in writing and record in the conveyance records of the county in which the land herein leased is situated an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pool acreage, it shall be treated as if production is had from this lease whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, Lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved."; and

WHEREAS, Pintail Petroleum, Ltd., as the owner and lessee of the above described oil and gas leases, has determined in its judgement that it is necessary and advisable to pool and combine the oil rights in and under a portion of the acreage and lands covered by the above described oil and gas leases in order to properly develop said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises as one oil operating unit, upon the terms and conditions hereinafter provided and as provided in said oil and gas leases;

NOW, THEREFORE, IN CONSIDERATION of the premises, the execution of this declaration and the mutual covenants herein to be performed, and other good and valuable consideration, Lessee, acting pursuant to the above and foregoing recitals and the terms and conditions of the above described oil and gas leases, does hereby execute this Declaration of Pooling and Consolidation and does hereby form an oil unit of said leases and land, including Lessors' royalty interest, as to the oil rights, insofar and only insofar as said leases and the lands included within the pool and oil unit described are as follows, to wit:

Northwest Quarter of the Northwest Quarter of the Northwest Quarter (NW/4 NW/4 NW/4), and the Northeast Quarter of the Northwest Quarter of the Northwest Quarter (NE/4 NW/4 NW/4) in Section 6, Township 17 South, Range 21 West, Ness County, Kansas, and the Southwest Quarter of the Southwest Quarter of the Southwest Quarter (SW/4 SW/4 SW/4), and the Southeast Quarter of the Southwest Quarter of the Southwest Quarter (SE/4 SW/4 SW/4), in Section 31, Township 16 South, Range 21 West, Ness County, Kansas, containing 40 acres more or less;

To the same extent as if said oil leasehold estate had originally been included in one oil and gas lease, which pooled and combined area is hereby designated as the Albers-Thompson Unit #1-6, and which area shall include within the same all land covered by the above described oil and gas leases insofar and only insofar as the same are included within the above described oil unit.

Lessee does hereby state that drilling operations for oil and/or gas and production of oil and/or gas on any part of the oil unit shall be treated as if such drilling operations were had or such oil and/or gas production was obtained from land described in each of said leases, regardless of where the oil and/or gas well or wells may be located upon said oil unit, and that the entire acreage contained in said oil unit shall be treated for all purposes, except the payment of royalties on such production of oil from said oil unit, as if said lands were included in each of said oil and gas leases. In lieu of the oil royalty set forth in said oil and gas leases, and pursuant to the terms of the unitization clause in each said lease, each respective Lessor shall receive on oil production, only such portion of the royalty stipulated in the pertinent oil and gas leases, as the amount of Lessor's surface acreage contained in his/her oil and gas lease placed in the oil unit bears to the amount of the total surface acreage of the entire pooled area. Nothing herein contained shall authorize or affect any transfer of any title to any leasehold, royalty or other interest pooled pursuant hereto.

This Declaration of Pooling and Consolidation and the terms and conditions hereof shall extend to and be binding upon all persons having any right, title or interest of any kind or character in and to the above described oil and gas leases, including Lessors' rights thereunder, their respective heirs, successors and assigns.

This Declaration of Pooling and Consolidation may be executed in any number of counterparts, each of which will be deemed an original instrument but all of which together shall constitute by one and the same instrument.

IN WITNESS WHEREOF, Lessee has hereunto caused this Declaration of Pooling and Consolidation to be executed as of the day and year first above written.
