**AFFIDAVIT**

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office **prior** to spudding of well;
2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

Dear Royalty Owners:

Ritchie Exploration, Inc. holds an oil and gas lease with you covering All (except 15.66 ac tract) of Section 1-26S-25W. This letter is to advise you of our upcoming plans for the drilling of the above referenced well on or about July 27, 2010. This date may vary according to how the drilling rig's schedule progresses. The drilling contractor will be Duke Drilling Co., Inc.

I am enclosing a plat map of the area for your information, along with the Kansas Surface Owner Notice Act plat map. The location will be staked several weeks prior to drilling. The enclosed "return copy" questionnaire will give us the basic drill site information we need. Please complete to the best of your knowledge, sign and return. You may add any additional information that you think would be helpful.

If you have questions or concerns, please feel free to contact our office or note your questions on the return questionnaire. I may be reached at 316 691-9519. Since our time frame is short, we would appreciate your prompt attention in returning the questionnaire in the enclosed envelope. We look forward to the drilling of this well on your land and our acquaintance with you.

Sincerely,

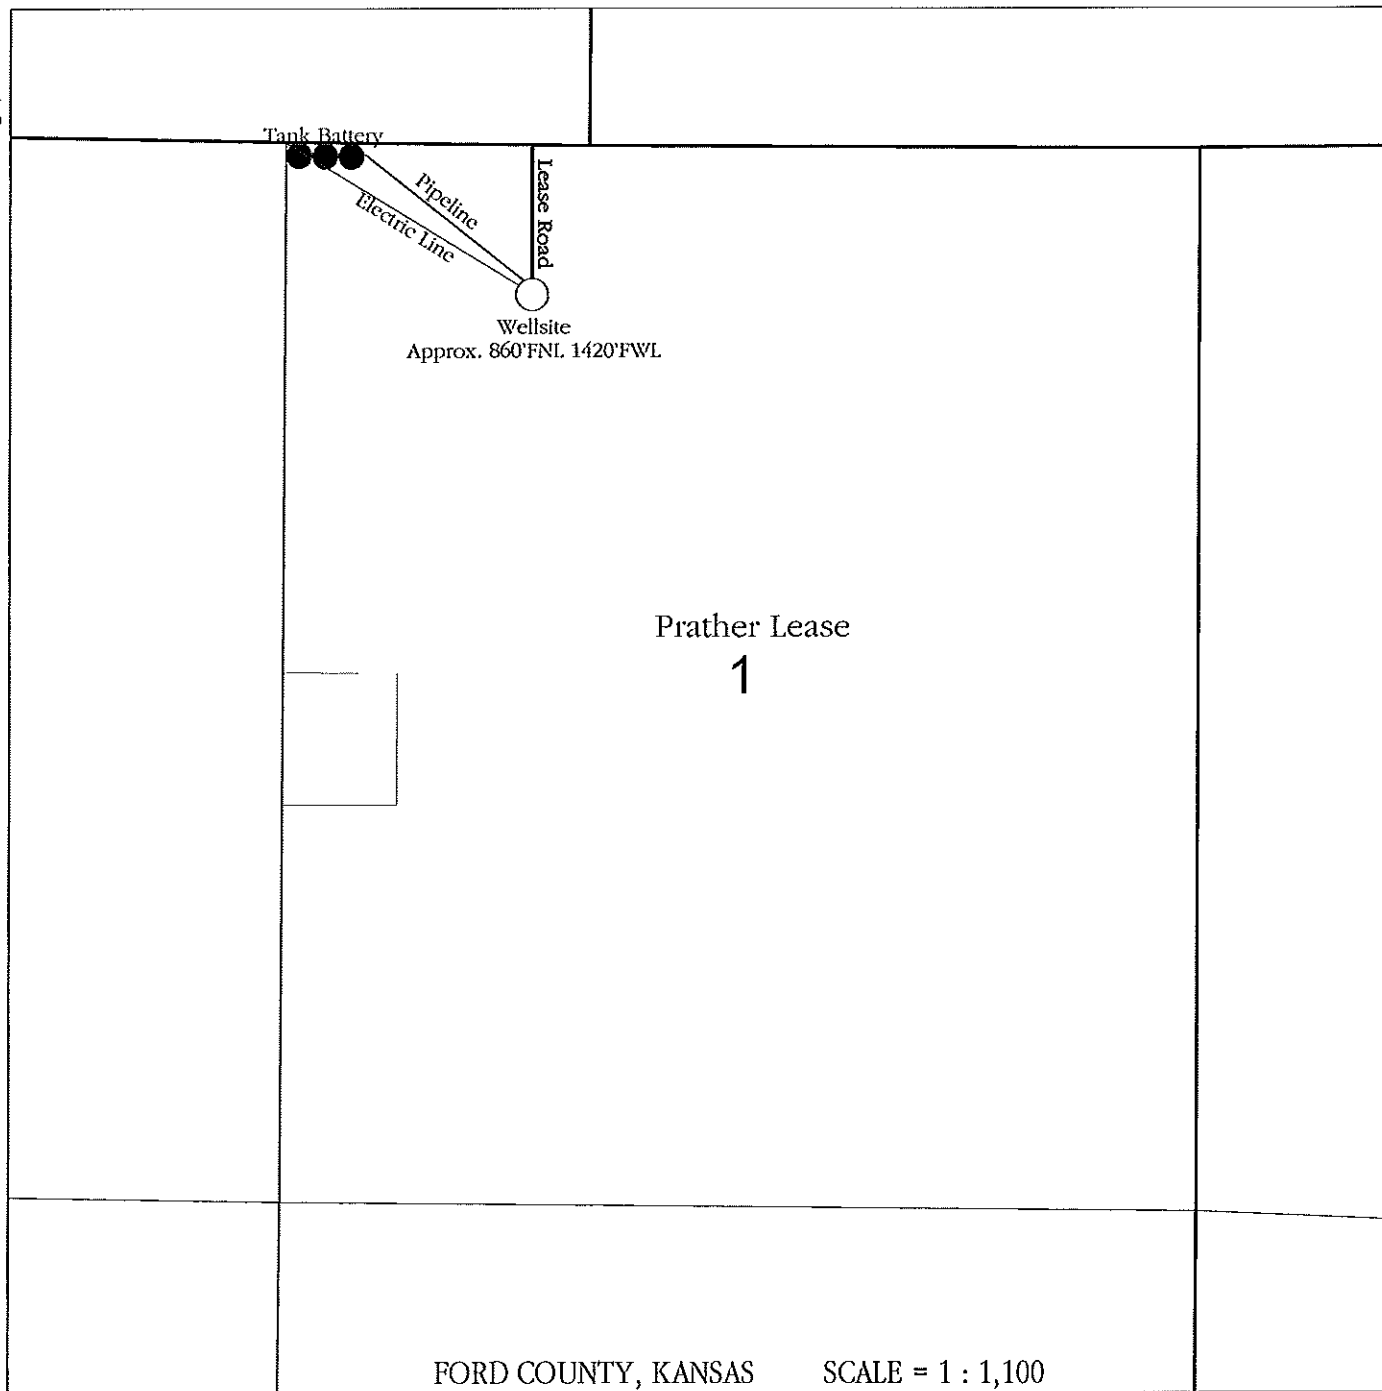

Joyce Cochran  
Land Manager

Re: Drilling Pit Application  
Prather 1  
NW/4 Sec.01-26S-25W  
Ford County, Kansas

Dear Justin Clegg:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again as soon as practical after drilling operations have ceased. Keep pits away from draw/drainage.

**If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.**

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

**A copy of this letter should be posted in the doghouse along with the approved Intent to Drill.** If you have any questions or concerns please feel free to contact the District Office at (620) 225-8888.
