RE: Sinclair 2-3 Well
2270' SL & 2294' WL
Section 3-23S-24W
Hodgeman County, Kansas

Dear Sinclair Sisters:

This is replacing the letter mailed July 9, 2010, because the old location was 2300 feet from the West Line and the new location is 2294 feet and we need to file for new permit. Prior to issuing a permit to drill, the Kansas Corporation Commission is requiring the property owner be notified. The operator of the captioned well is:

American Warrior, Inc.
P.O. Box 399
Garden City, KS 67846
Contact Man: Joe Smith - (620) 271-2258 - jsmith@pmtank.com

I'm enclosing a copy of the intent to drill electronically filed with the KCC, a survey plat showing the Well Location, Lease Road, Tank Battery, Pipe & Electric Line locations. The Lease Road, Tank Battery, Pipe and Electric Line locations shown are non-binding and preliminary, being there simply to satisfy State requirement. The actual location will be determined after the dirt contractor is at the location.

Lowell Foos with Lowell Foos Oilfield Tractor Works, Bazine, Kansas, will be building the location.

If you want to be involved in Lease Road, Tank Battery, Pipe & Electric Line locations, contact Mr. Lowell Foos (785) 731-5612, reference the captioned well name and coordinate with him.

Sincerely,

R. Evan Noll

Re: Drilling Pit Application
SINCLAIR 2-3
SW/4 Sec.03-23S-24W
Hodgeman County, Kansas

Dear Cecil O'Brate:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit within 96 hours of completion of drilling operations. Keep pits away from draw/drainage. Keep pits on south side of stake.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

A copy of this letter should be posted in the doghouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the District Office at (620) 225-8888.
