* Controlling date is based upon the best maps and photographs available to us and upon a regular section of land containing 640 acres.

* Approximate section lines were determined using the aerial photograph of one of oilfield surveys, appearing in the state of Kansas. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the drillsite location in the section is not guaranteed. Therefore, the operator bearing this survey and occupying this plot and all other parties taking thereon agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all claims, suits and expenses and also any and all damages, claims and liabilities from incidental or consequential damages.

* Elevations derived from National Geodetic Vertical Datum.
