*Ingress and egress to location as shown on this
plot is per usage only and may not be legally
opened for public use. Contact landowner,
tenant and county road department for access.

* Controlling data is based upon the best maps and photographs available to us and upon a regular
section of land containing 640 acres.

* Appropriate section lines were determined using the normal standard of care of oilfield surveyors
practicing in the State of Kansas. The section corners, which establish the precise section lines,
were not necessarily located, and the exact location of the drillsite location in the section is
not guaranteed. Therefore, the operator securing this service and occupying this plot and all other
surveys relying thereon agree to hold Central Kansas Oilfield Services, Inc., its officers and
employees harmless from all losses, costs and expenses and hold entities released from any liability
from negligent or consequential damages.

* Elevation derived from National Geodetic Vertical Datum.
