#### IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

In all cases, please fully complete this side of the form. Include items 1 through 5 at the bottom of this page.

Location of Well: County: \_\_

Well Number:						feet from E / W Line of Section
Field:				Sec	)	Twp S. R
Number of Acres a				15 3	Section: [	Regular or Irregular
						Irregular, locate well from nearest corner boundary. er used: NE NW SE SW
			-	s required by	the Kansa	dary line. Show the predicted locations of as Surface Owner Notice Act (House Bill 2032). red.
	:					LEGEND
			 			O Well Location Tank Battery Location
			 			<ul><li>Pipeline Location</li><li>Electric Line Location</li><li>Lease Road Location</li></ul>
			 ·			EVAND'S .
	:	: :	:	:		EXAMPLE

NOTE: In all cases locate the spot of the proposed drilling locaton.

## 2195 ft.

#### In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
- 5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

Re: Drilling Pit Application Connie 1-15 SW/4 Sec.15-18S-22W Ness County, Kansas

#### Dear Scott Corsair:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit within 96 hours of completion of drilling operations. Keep pits on south side of stake.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

A copy of this letter should be posted in the doghouse along with the approved Intent to **Drill**. If you have any questions or concerns please feel free to contact the District Office at (620) 225-8888.
