Controlling data to base upon the best maps and photographs available to us and upon a regular section of land containing 688 acres.  
 Approximate section lines were determined using the normal standard of care of a professional surveyor practicing in the state of Kansas. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the drill site location in the section is not guaranteed. Therefore, the operator, securing this service and accepting this plan, and all other parties relying thereon agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all losses, costs and expenses and shall defend, protect and hold harmless from all liability from incidental or consequential damages.  
 Survey was conducted from section 33, Township 13S, Range 31W, Gove County, Kansas.
