### IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

In all cases, please fully complete this side of the form. Include items 1 through 5 at the bottom of this page.

Location of Well: County: \_

Well Number:			_	feet from         N / S Line of Section           feet from         E / W Line of Section           Twp.         S. R.
	well:e:		- 13 Section.	Regular or Irregular  s Irregular, locate well from nearest corner boundary.  ner used: NE NW SE SW
lease		d electrical lines, as You may attach		ndary line. Show the predicted locations of sas Surface Owner Notice Act (House Bill 2032). sired.  LEGEND
				O Well Location  Tank Battery Location  Pipeline Location  Electric Line Location  Lease Road Location

# 25 2240 ft.

NOTE: In all cases locate the spot of the proposed drilling locaton.

## 1820 ft.

### In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
- 5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

Re: Drilling Pit Application
BLACKWELL/PETERSON 1-25
SW/4 Sec.25-22S-15W
Pawnee County, Kansas

### Dear Franklin R. Greenbam:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed <u>without slots</u>, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again within 96 hours after drilling operations have ceased.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

A copy of this letter should be posted in the doghouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the District Office at (620) 225-8888.
