**AFFIDAVIT**

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office **prior** to spudding of well;
2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

Well Location:  
\_\_\_\_ - \_\_\_\_ - \_\_\_\_ - \_\_\_\_ Sec. \_\_\_\_ Twp. \_\_\_\_ S. R. \_\_\_\_  East  West  
County: \_\_\_\_\_  
Lease Name: \_\_\_\_\_ Well #: \_\_\_\_\_

*If filing a Form T-1 for multiple wells on a lease, enter the legal description of the lease below:*

### Surface Owner Information:

Name: \_\_\_\_\_  
Address 1: \_\_\_\_\_  
Address 2: \_\_\_\_\_  
City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_ + \_\_\_\_\_

*When filing a Form T-1 involving multiple surface owners, attach an additional sheet listing all of the information to the left for each surface owner. Surface owner information can be found in the records of the register of deeds for the county, and in the real estate property tax records of the county treasurer.*

*If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.*

### Select one of the following:

- I certify that, pursuant to the Kansas Surface Owner Notice Act (House Bill 2032), I have provided the following to the surface owner(s) of the land upon which the subject well is or will be located: 1) a copy of the Form C-1, Form CB-1, Form T-1, or Form CP-1 that I am filing in connection with this form; 2) if the form being filed is a Form C-1 or Form CB-1, the plat(s) required by this form; and 3) my operator name, address, phone number, fax, and email address.
- I have not provided this information to the surface owner(s). I acknowledge that, because I have not provided this information, the KCC will be required to send this information to the surface owner(s). To mitigate the additional cost of the KCC performing this task, I acknowledge that I am being charged a \$30.00 handling fee, payable to the KCC, which is enclosed with this form.

*If choosing the second option, submit payment of the \$30.00 handling fee with this form. If the fee is not received with this form, the KSONA-1 form and the associated Form C-1, Form CB-1, Form T-1, or Form CP-1 will be returned.*

# OIL AND GAS LEASE

AGREEMENT. Made and entered into the 22th day of February, 2011, by and between Robert L. Randels and Phyllis C. Randels, his wife whose post office address is Box 35, Sharon Ks. 67138 hereinafter called Lessor (whether one or more) and GRIFFIN MANAGEMENT, LLC, whose post office address is PO Box 347 Pratt, Kansas 67124, hereinafter called Lessee:

WITNESSETH, That the Lessor, for and in consideration of Ten and more (\$10.00+) DOLLARS cash in hand the receipt of which is hereby acknowledged, and the covenants and agreements hereinafter contained, has granted, demised, leased, and let, and by these presents does grant, demise, lease, and let exclusively unto the said Lessee, the land hereinafter described, with the exclusive right for the purpose of mining, exploring by geophysical and other methods, and operating for and producing therefrom oil and all gas of whatsoever nature or kind, specifically including coalbed methane and any and all substances produced in association therewith from coal-bearing formations, with rights of way and easements for laying pipe lines, and erection of structures thereon to produce, save, and take care of said products, all that certain tract of land situated in the County of Barber

State of Kansas, described as follows, to-wit:

## **Township 32 South, Range 12 West, 6<sup>th</sup> P.M.** **Section 34: E2NW4;NE4SW4;N2SE4**

together with any reversionary rights therein, and together with all strips or parcels of land, (not, however, to be construed to include parcels comprising a regular 40-acre legal subdivision or lot of approximately corresponding size) adjoining or contiguous to the above described land and owned or claimed by Lessor, and containing 200 acres, more or less.

1. It is agreed that this lease shall remain in force for a term of ONE(1) years from this date and as long thereafter as oil or gas of whatsoever nature or kind, specifically including coalbed methane and any and all substances produced in association therewith from coal-bearing formations, is produced from said leased premises or on acreage pooled therewith, or drilling operations are continued as hereinafter provided. If, at the expiration of the primary term of this lease, oil or gas is not being produced on the leased premises or on acreage pooled therewith but Lessee is then engaged in drilling or reworking operations thereof, then this lease shall continue in force so long as operations are being continuously prosecuted on the leased premises or on acreage pooled therewith; and operations shall be considered to be continuously prosecuted if not more than ninety (90) days shall elapse between the completion or abandonment of one well and the beginning of operations for the drilling of a subsequent well. If after discovery of oil or gas on said land or on acreage pooled therewith, the production thereof should cease from any cause after the primary term, this lease shall not terminate if Lessee commences additional drilling or reworking operations within ninety (90) days from date of cessation of production or from date of completion of dry hole. If oil or gas shall be discovered and produced as a result of such operations at or after the expiration of the primary term of this lease, this lease shall continue in force so long as oil or gas is produced from the leased premises or on acreage pooled therewith.
2. This is a PAID-UP LEASE. In consideration of the down cash payment, Lessor agrees that Lessee shall not be obligated, except as otherwise provided herein, to commence or continue any operations during the primary term. Lessee may at any time or times during or after the primary term surrender this lease as to all or any portion of said land and as to any strata or stratum by delivering to Lessor or by filing for record a release or releases, and be relieved of all obligation thereafter accruing as to the acreage surrendered.
3. In consideration of the premises the said Lessee covenants and agrees:
  - a. To deliver to the credit of Lessor, free of cost, in the pipeline to which Lessee may connect wells on said land, the equal five-thirty-seconds (5/32) part of all oil produced and saved from the leased premises.
  - b. To pay Lessor for gas of whatsoever nature or kind (with all of its constituents) produced and sold or used off the leased premises, or used in the manufacture of products therefrom five-thirty-seconds(5/32) of the actual amount received by the Lessee, said payments to be made monthly.
  4. During any period (whether before or after expiration of the primary term hereof) when gas is not being so sold or used and the well or wells are shut in and there is no current production of oil or operations on said leased premises sufficient to keep this lease in force, Lessee shall pay or tender a royalty of One Dollar (\$1.00) per acre per net royalty acre retained hereunder, such payment or tender to be made on or before the anniversary date of this lease next ensuing after the expiration of ninety (90) days from the date such well is shut in and thereafter on the anniversary date of this lease during the period such well is shut in, to the royalty owners. When such payment or tender is made, it will be considered that gas is being produced within the meaning of the entire lease.
  5. If said Lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties (including any shut-in gas royalty) herein provided for shall be paid to the Lessor only in the proportion which Lessor's interest bears to the whole and undivided fee.
  6. Lessee shall have the right to use, free of cost, gas, oil, and water produced on said land for Lessee's operation thereon, except water from the wells of Lessor.
  7. When requested by Lessor, Lessee shall bury Lessee's pipeline below plow depth.
  8. No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of Lessor.
  9. Lessee shall pay for damages caused by Lessee's operations to growing crops on said land.
  10. Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.
  11. The rights of Lessor and Lessee hereunder may be assigned in whole or part. No change in ownership of Lessor's interest (by assignment or otherwise) shall be binding on Lessee until Lessee has been furnished with notice, consisting of certified copies of all recorded instruments or documents and other information necessary to establish a complete chain of record title from Lessor, and then only with respect to payments thereafter made. No other kind of notice, whether actual or constructive, shall be binding on Lessee. No present or future division of Lessor's ownership as to different portions or parcels of said land shall operate to enlarge the obligations or diminish the rights of Lessee, and all Lessee's operations may be conducted without regard to any such division. If all or any part of this lease is assigned, no leasehold owner shall be liable for any act or omission of any other leasehold owner.
  12. Lessee, with Lessor's written approval which will not be unreasonably withheld, at its option, is hereby given the right and power at any time and from time to time as a recurring right, either before or after production, as to all or any part of the land described herein and as to any one or more of the formations hereunder, to pool or unitize the leasehold estate and the mineral estate covered by this lease with other land, lease, or leases in the immediate vicinity for the production of oil and gas, or separately for the production of either, when in Lessee's judgment it is necessary or advisable to do so, and irrespective of whether authority similar to this exists with respect to such other land, lease, or leases. Likewise, units previously formed to include formations not producing oil or gas may be reformed to exclude such non-producing formations. The forming or reforming of any unit shall be accomplished by Lessee executing and filing of record a declaration of such unitization or reformation, which declaration shall describe the unit. Any unit may include land upon which a well has theretofore been completed or upon which operations for drilling have theretofore been commenced. Production, drilling, or reworking operations or a well shut in for want of a market anywhere on a unit which includes all or a part of this lease shall be treated as if it were production, drilling, or reworking operations or a well shut in for want of a market under this lease. In lieu of the royalties elsewhere herein specified, including shut-in gas royalties, Lessor shall receive on production from the unit so pooled royalties only on the portion of such production allocated to this lease; such allocation shall be that proportion of the unit production that the total number of surface acres covered by this lease and included in the unit bears to the total number of surface acres in such unit. In addition to the foregoing, Lessee shall have the right to unitize, pool, or combine all or any part of the described lands as to one or more of the formations thereunder with other lands in the same general area by entering into a cooperative or unit plan of development or operation approved by any governmental authority and, from time to time, with like approval, to modify, change, or terminate any such plan or agreement and, in such event, the terms, conditions, and provisions of this lease shall be deemed modified to conform to the terms, conditions, and provisions of such approved cooperative or unit plan of development or operation and, particularly, all drilling and development requirements of this lease, express or implied, shall be satisfied by compliance with the drilling and development requirements of such plan or agreement, and this lease shall not terminate or expire during the life of the plan or agreement. In the event that said above described lands or any part thereof, shall hereafter be operated under any such cooperative or unit plan of development or operation whereby the production therefrom is allocated to different portions of the land covered by said plan, then the production allocated to any particular tract of land shall, for the purpose of computing the royalties to be paid hereunder to Lessor, be regarded as having been produced from the particular tract of land to which it is allocated and not to any other tract of land; and the royalty payments to be made hereunder to Lessor shall be based upon production only as so allocated. Lessor shall formally express Lessor's consent to any cooperative or unit plan of development or operation adopted by Lessee and approved by any governmental agency by executing the same upon request of Lessee.
  13. All express or implied covenants of this lease shall be subject to all Federal and State Laws, Executive Orders, Rules, or Regulations, and this lease shall not be terminated, in whole or in part, nor Lessee held liable for damages, for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such Law, Order, Rule, or Regulation.

14. Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the Lessee shall have the right at any time to redeem for Lessor, by payment, any mortgages, taxes, or other liens on the above described lands, in the event of default of payment by Lessor and be subrogated to the rights of the holder thereof, and the undersigned Lessors, for themselves and their heirs, successors, and assigns, hereby surrender and release all right of dower and homestead in the premises described herein, insofar as said right of dower and homestead may in any way affect the purposes for which this lease is made, as recited herein.

15. Should any one or more of the parties hereinabove named as Lessor fail to execute this lease, it shall nevertheless be binding upon all such parties who do execute it as Lessor. The word "Lessor," as used in this lease, shall mean any one or more or all of the parties who execute this lease as Lessor. All the provisions of this lease shall be binding on the heirs, successors, and assigns of Lessor and Lessee.

16. Attachment "A" attached hereto and incorporated herein by this reference.

IN WITNESS WHEREOF, this instrument is executed as of the date first above written.

  
Robert L. Randels

  
Phyllis C. Randels

COUNTY OF Barber } ss

ACKNOWLEDGMENT—INDIVIDUAL

BEFORE ME, the undersigned, a Notary Public, in and for said County and State, on this 22<sup>nd</sup> day of February, 2011 personally appeared Robert L. Randels and Phyllis C. Randels, his wife to me known to be the identical person(s) described in and who executed the within and foregoing instrument of writing and acknowledged to me that they duly executed the same as their free and voluntary act and deed for the purposes therein set forth.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my notarial seal the day and year last above written.

My Commission Expires 2/25/2012

  
\_\_\_\_\_  
Notary Public

Return to: Griffin Management, LLC  
P.O. Box 347  
Pratt, Ks. 67124

Attachment "A"

Attached to and made part of that certain oil and gas lease dated February 22, 2011 by and between Robert L. Randels and Phyllis C. Randels, his wife, as Lessor, and **Griffin Management, LLC**, as Lessee, covering the E2NW, NE4SW4, and N2SE4 of Sec. 34, Township 32 South, Range 12 West, located in Barber County, Kansas. Containing 200 acres m/l. The provision of this Attachment "A" shall control and supersede terms of the attached oil and gas lease when terms conflict.

1. Lessor and Lessee agree that any and all damage claims that arise from Lessee's operation shall be settled within three (3) months after egress of drilling equipment.
2. Minimum surface damages of \$2,500.00 per well shall be paid by Lessee in advance of ingress of drilling equipment, as a deposit toward damages to land and grass caused by Lessee's operations thereon. In the event damages are greater than the amount paid, Lessee shall settle promptly for excess damages. In the event damages are less than or equal to the deposit paid, no additional amount will be owed.
3. Lessee shall pay for all loss of crops and pasture and damages to the land occasioned by its operations and reasonably restore the premises as nearly as to its original contour and the condition existing at the time the lease is executed including but not limited to the filling of all pits/ponds, and the removal of all structures placed thereon during the term of said lease; and upon abandonment, Lessee shall similarly comply with the provisions of restoration set forth within six (6) months from the date of abandonment. Lessee is required to remove all equipment and pipe within six (6) months of abandonment.
4. Lessee shall not be permitted to use any existing well or any well drilled on the leased premises as a salt water disposal well for the disposal of salt water produced off the premises unless separately agreed between Lessor and Lessee and compensating Lessor therefor.
5. Lessor reserves the right to designate the direction and location of every roadway on the premises, provided only that such road shall upon the request of the Lessee, be designated and the width thereof shall be sufficient for normal operations. Lessee will require ingress and egress to well locations without delay. Roads shall be properly maintained for travel and shall be constructed to minimize washouts and runoff.
6. No water may be used from ponds, creeks, streams, or wells of Lessor without written consent of Lessor and compensating Lessor therefor.
7. In the drilling of any well, in the restoration of the surface in all operations, including the plugging of any well, Lessee shall fully comply with the requirements of the Kansas Corporation Commission unless the lease or its exhibit imposes any greater obligation on Lessee.
9. It is agreed that Lessor shall bear no cost of gas treatment, dehydration, compression, transportation, marketing or water hauling charged to the lease by Lessee. It is further agreed that Lessor shall receive Lessors' proportionate royalty share of all monies received by lessee for oil and/or gas production attributable to this lease, including any premiums, rebates and refunds of any kind or nature paid to Lessee and any take-or-pay payments, production payments, contract buy downs which directly reduce the amount of royalty revenue Lessor would otherwise receive from oil and/or gas production from this lease. Lessor will be responsible only for properly assessed taxes against Lessor's royalty.
10. Any pipelines or roadway constructed for servicing wells other than those on premises owned by Lessor shall be subject to separate agreement and compensating Lessor therefor.
11. Lessee and its assigns are strictly prohibited from hunting on the premises.
12. In the event Lessee drills a well on the leased premises, Lessee shall segregate the topsoil from other excavated soil and leave any excavated topsoil on the leased premises. As soon as possible after drilling operations, Lessee shall close all pits it has dug replacing the excavated soil to confines in which it was removed, i.e. by returning the topsoil to the surface of the filled pits and burying any subsurface rock brought to the surface.
13. In the event Lessee drills a water well on the leased premises, Lessee shall, upon request by Lessor leave said well for Lessor.
14. In the event Lessee installs a cattle guard, also known as an autogate, on leased premises, Lessee shall, upon request by Lessor, leave said cattle guard for Lessor after termination of this lease. Gates shall be locked and key provided to Lessee for required access.
15. All pipelines shall be laid to a minimum depth of 36" below surface.

Re: Drilling Pit Application  
Randels 2  
NW/4 Sec.34-32S-12W  
Barber County, Kansas

Dear Charles N Griffin:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again within 96 hours after drilling operations have ceased. Keep pit southeast of stake.

**If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.**

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

**A copy of this letter should be posted in the doghouse along with the approved Intent to Drill.** If you have any questions or concerns please feel free to contact the District Office at (620) 225-8888.
