• Controlling data is based upon the best maps and photographs available to us and upon a regular section of land containing 640 acres.
 • Approximate section lines were determined using the normal standard of care of all field surveyors practicing in the state of Kansas. The section corners, unless specified the precise section lines were not necessarily located, and the exact location of the drillsite location in the section is not guaranteed. Therefore, the operator accepting this service and accepting this plot and all other parties relying thereon agree to hold Central Kansas Drilling Services, Inc., its officers and employees harmless from all losses, costs and expenses and shall waive released from any liability from incidental or consequential damages.
 • Elevations derived from National Geodetic Vertical Datum.

Date July 14, 2011
