This well had anew 3" liner run to 30' above the perforations in 2015 and is cemented to surface.
We have recently put the Berry #5 API # 15-035-22741 back into production with great results.
It also is one of the reasons we bout this lase over 20ears ago as it has a gas helium DST in the Admire formation at 338'. At todays helium prices over 16 Mississippi wells have been drilled in the Immediate are by Val Enery and Raney Oil and each of them have caught samples and logged the Admire looking for helium too.
Service rigs are urrently on very tight schedules due to the current financial situation in the local oil industry.
If it is plugged it will be ass per KCC rules and reguations.

Surface owner information can be found in the records of the register of deeds for the county, and in the real estate property tax records of the county treasurer.

If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.

Dear Carmon Bonanno:

The Conservation Division has received your Well Plugging Application (CP-1).

Under K.A.R. 82-3-113(b)(2), you must notify DISTRICT 2 of your proposed plugging plan at least 5 days before plugging the well. DISTRICT 2's phone number is (316) 337-7400. Failure to notify DISTRICT 2, or failure to file a Well Plugging Record (CP-4) after the well is plugged will result in a penalty recommendation.

Under K.A.R. 82-3-600, you must file an Application for Surface Pit (CDP-1) if you wish to use a workover pit while plugging the well. Failure to timely file a CDP-1, failure to timely remove fluids, or failure to timely file Closure of Surface Pit (CDP-4) or Waste Transfer (CDP-5) forms will result in a penalty recommendation.

This receipt does NOT constitute authorization to plug this well if you do not otherwise have the legal right to do so.

This receipt is VOID after August 01, 2026. If the well is not plugged by then, you will have to submit a new CP-1 if you wish to plug the well.

The August 01, 2026 deadline does NOT override any compliance deadline given to you by Legal, District, or other Commission Staff. Failure to comply with any given deadline will still result in the Commission assessing penalties, or taking other legal action.

Sincerely,
Production Department Supervisor
