MEMORANDUM OF OIL AND GAS LEASE

By instrument dated the 31 day of January, 2011 Daniel J. Prohaska and Amy M. Prohaska, Trustees of the Daniel J. Prohaska Revocable Living Trust, dated November 5, 2005, whose address is: 800 North St. Andrews, Wichita, KS 67230, hereinafter called "Lessor", did execute and deliver an Oil & Gas Lease to Noble Petroleum, Inc., whose address is: 3101 North Rock Road, Ste. 125, Wichita, KS 67226, hereinafter called "Lessee", covering the following described lands situated in Butler County, Kansas, to-wit:

The South Half of the Southeast Quarter (S2SE4), lying East of the Railroad Right of Way in Section 7; the Southwest Quarter of the Southwest Quarter (SW4SW4) of Section 8; the Southeast Quarter of the Southwest Quarter (SE4SW4), except that part lying Northwest of the Township Road, in Section 8; the North Half of the Southeast Quarter (N2SE4) and the Northeast Quarter (NE4) of Section 18; the South Half of the Southeast Quarter, except that part lying South and East of the Township Road in Section 18; and the North Half of the Northwest Quarter (N2NW4) of Section 17, all in Township 28 South, Range 4 East

WHEREAS, the lease agreement provides for, among other things, a primary term of THREE (3) years (Paid Up) from and after the date thereof and as long thereafter as Oil or Gas, as defined in the lease, are produced in paying quantities from the leased premises, or said lease is maintained in any manner provided for therein, subject to the terms and provisions set out in the original lease referenced above.

Copies of the original executed Oil and Gas Lease are located in the offices of the Lessor and Lessee named above.

Re: Drilling Pit Application PROHASKA 1 NW/4 Sec.17-28S-04E Butler County, Kansas

Dear Jay Ablah:

District staff has inspected the above referenced location and has determined that an unsealed condition will present a pollution threat to water resources.

District staff has recommended that the reserve pit be lined with bentonite or native clay, constructed **without slots**, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit within 96 hours after drilling operations have ceased.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (316) 630-4000 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

A copy of this letter should be posted in the doghouse along with the approved Intent to **Drill**. If you have any questions or concerns please feel free to contact the District Office at (316) 630-4000.
