CONSERVATION DIVISION
WICHITA, KS

Was an artificial liner used? ☑ Yes ☐ No

If no, how were the sides and bottom sealed to prevent downward migration of the pit contents?

Even though it wasn't required or indicated on CDP-1 pits were lined for tenant because of sandy terrain to preserve the water well in the area.

Abandonment procedure of pit:

Disposed of fluids in SWD's and drilling mud in authorized Haul-Off Pit (CDP-5's BEING FILED), removed liners, and backfilled pits.

The undersigned hereby certifies that (he) / she is President for John O. Farmer, Inc. (Co.), a duly authorized agent, that all information shown hereon is true and correct to the best of (his) /her knowledge and belief.

John O. Farmer III
