State Plane-NA27-Kansas North  
(Mapping Grade GPS Used)

Controlling data is based upon the best maps and photographs available to us and upon a regular section of land containing 360 acres.  
 All section lines were determined using the normal standard of care of oilfield surveyors practicing in the state of Kansas. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the drillsite location in the section is not guaranteed. Therefore, the operator securing this service and locating this site and all other parties relying thereon agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all losses, costs and expenses and legal activities released from any liability from inaccuracies or consequential damages.  
 Elevations derived from National Geodetic Vertical Datum.
