* Controlling data is based upon the best maps and photographs available to us and upon a regular section of land containing 360 acres.
 * Subsequent section lines were determined using the normal standard of care of all field surveys practicing in the state of Kansas. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the well in the section is not guaranteed. Therefore, the operator securing this service and accepting this plat and all other services relating thereto agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all claims, costs and expenses and said entities released from any liability from negligence or consequential damages.
 * Elevation datum NAD 83 National Geodetic Vertical Datum.
