Central Kansas Oilfield Services, Inc. is based upon the best maps and photographs available to us and upon a regular section of field containing 360 acres.

Approximate acreage has been determined using the normal standards of some of the field surveys. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the well site location in the section cannot be guaranteed. Therefore, the Central Kansas Oilfield Services, Inc. is not responsible for any errors or omissions from all Texas, state and federal and sold articles released from any liability from fabrication or consequential damages.
