**AFFIDAVIT**

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office **prior** to spudding of well;
2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

## OIL AND GAS LEASE

2011

AGREEMENT, Made and entered into the 30th day of March,  
 by and between Alan Beougher, Trustee of the Fay Beougher Revocable Living Trust Dated January 15, 1997,

whose mailing address is 1951 County Road 18, Oakley, Kansas 67748, hereinafter called Lessor (whether one or more),  
 and J. Fred Hambright, Inc., 125 N. Market, Suite 1415, Wichita, Kansas 67202

hereinafter called Lessee:

Lessor, in consideration of one and more Dollars (\$ 1.00+) in hand paid, receipt of which is here acknowledged and of the royalties herein provided and of the agreements of the Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring by geophysical and other means, prospecting, drilling, mining and operating for and producing oil, liquid hydrocarbons, all gases, and their respective constituent products, injecting gas, water, other fluids, and air into subsurface strata, laying pipe lines, storing oil, building tanks, power stations, telephone lines, and other structures and things thereon to produce, save, take care of, treat, manufacture, process, store and transport said oil, liquid hydrocarbons, gases and their respective constituent products and other products manufactured therefrom, and housing and otherwise caring for its employees, the following described land, together with any reversionary rights and after-acquired interest, therein situated in County of Gove State of Kansas described as follows to-wit:

Township 13 South, Range 31 West  
Section 12: S/2NE/4 and SE/4

In Section XXX Township XXX Range XXX and containing 240 acres, more or less, and all accretions thereto.

Subject to the provisions herein contained, this lease shall remain in force for a term of two (2) years from this date (called "primary term"), and as long thereafter as oil, liquid hydrocarbons, gas or other respective constituent products, or any of them, is produced from said land or land with which said land is pooled.

In consideration of the premises the said lessee covenants and agrees:

1st. To deliver to the credit of lessor, free of cost, in the pipe line to which lessee may connect wells on said land, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises.

2nd. To pay lessor for gas of whatsoever nature or kind produced and sold, or used off the premises, or used in the manufacture of any products therefrom, one-eighth (1/8) at the market price at the well, (but, as to gas sold by lessee, in no event more than one-eighth (1/8) of the proceeds received by lessee from such sales), for the gas sold, used off the premises, or in the manufacture of products therefrom, said payments to be made monthly. Where gas from a well producing gas only is not sold or used, lessee may pay or tender as royalty One Dollar (\$1.00) per year per net mineral acre retained hereunder, and if such payment or tender is made it will be considered that gas is being produced within the meaning of the preceding paragraph.

This lease may be maintained during the primary term hereof without further payment or drilling operations. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years first mentioned.

If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided for shall be paid the said lessor only in the proportion which lessor's interest bears to the whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil and water produced on said land for lessee's operation thereon, except water from the wells of lessor.

When requested by lessor, lessee shall bury lessee's pipe lines below plow depth.

*A B* No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of lessor.

*A B* Lessee shall pay for damages caused by lessee's operations ~~to adjoining owners~~ on said land.

Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

If the estate of either party hereto is assigned, and the privilege of assigning in whole or in part is expressly allowed, the covenants hereof shall extend to their heirs, executors, administrators, successors or assigns, but no change in the ownership of the land or assignment of rentals or royalties shall be binding on the lessee until after the lessee has been furnished with a written transfer or assignment or a true copy thereof. In case lessee assigns this lease, in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

Lessee may at any time execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

All express or implied covenants of this lease shall be subject to all Federal and State Laws, Executive Orders, Rules or Regulations, and this lease shall not be terminated, in whole or in part, nor lessee held liable in damages, for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such Law, Order, Rule or Regulation.

Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the lessee shall have the right at any time to redeem for lessor, by payment of any mortgages, taxes or other liens on the above described lands, in the event of default of payment by lessor; and be subrogated to the rights of the holder thereof, and the undersigned lessors, for themselves and their heirs, successors and assigns, hereby surrender and release all right of dower and homestead in the premises described herein, in so far as said right of dower and homestead may in any way affect the purposes for which this lease is made, as recited herein.

Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in lessee's judgment it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises, such pooling to be of tracts contiguous to one another and to be into a unit or units not exceeding 40 acres each in the event of an oil well, or into a unit or units not exceeding 640 acres each in the event of a gas well. Lessee shall execute in writing and record in the conveyance records of the county in which the land herein leased is situated an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, lessor shall receive on production from a unit, so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved.

**OIL AND GAS LEASE**

AGREEMENT, Made and entered into the 23rd day of August, 2011  
by and between Otley Brothers KMB, LLC, a Limited Liability Company, BY: Mark Ottley, Managing Partner

whose mailing address is 700 W. 48th Street, Hays, Kansas 67601 hereinafter called Lessor (whether one or more),  
and Ritchie Exploration, Inc. - PO Box 783188, Wichita, Kansas 67278-3188

hereinafter called Lessee:

Lessor, in consideration of One and more Dollars (\$ One (1.00) ) in hand paid, receipt of which is here acknowledged and of the royalties herein provided and of the agreements of the lessee herein contained, hereby grants, leases and lets exclusively unto lessee for the purpose of investigating, exploring by geophysical and other means, prospecting drilling, mining and operating for and producing oil, liquid hydrocarbons, all gases, and their respective constituent products, injecting gas, water, other fluids, and air into subsurface strata, laying pipe lines, storing oil, building tanks, power stations, telephone lines, and other structures and things thereon to produce, save, take care of, treat, manufacture, process, store and transport said oil, liquid hydrocarbons, gases and their respective constituent products and other products manufactured therefrom, and housing and otherwise caring for its employees, the following described land, together with any reversionary rights and after-acquired interest, therein situated in County of GOVE State of KANSAS described as follows to-wit:

\*\*\* See Addendum attached for legal descriptions:

In Section \_\_\_\_\_ Township \_\_\_\_\_ Range \_\_\_\_\_ and containing 1.680 acres, more or less, and all accretions thereto.

Subject to the provisions herein contained, this lease shall remain in force for a term of sixteen (16) months from this date (called "primary term"), and as long thereafter as oil, liquid hydrocarbons, gas or other respective constituent products, or any of them, is produced from said land or land with which said land is pooled.

In consideration of the premises the said lessee covenants and agrees:

1st. To deliver to the credit of lessor, free of cost, in the pipe line to which lessee may connect wells on said land, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises.

2nd. To pay lessor for gas of whatsoever nature or kind produced and sold, or used off the premises, or used in the manufacture of any products therefrom, one-eighth (1/8) at the market price at the well, (but, as to gas sold by lessee, in no event more than one-eighth (1/8) of the proceeds received by lessee from such sales), for the gas sold, used off the premises, or in the manufacture of products therefrom, said payments to be made monthly. Where gas from a well producing gas only is not sold or used, lessee may pay or tender as royalty One Dollar (\$1.00) per year per net mineral acre retained hereunder, and if such payment or tender is made it will be considered that gas is being produced within the meaning of the preceding paragraph.

This lease may be maintained during the primary term hereof without further payment or drilling operations. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years first mentioned.

If said lessor owns a lease interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided for shall be paid the said lessor only in the proportion which lessor's interest bears to the whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil and water produced on said land for lessee's operation thereon, except water from the wells of lessor.

When requested by lessor, lessee shall bury lessee's pipe lines below plow depth.

No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of lessor.

Lessee shall pay for damages caused by lessee's operations to growing crops on said land.

Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

If the estate of either party hereto is assigned, and the privilege of assigning in whole or in part is expressly allowed, the covenants hereof shall extend to their heirs, executors, administrators, successors or assigns, but no change in the ownership of the land or assignment of rentals or royalties shall be binding on the lessee until after the lessee has been furnished with a written transfer or assignment or a true copy thereof. In case lessee assigns this lease, in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

Lessee may at any time execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

All express or implied covenants of this lease shall be subject to all Federal and State Laws, Executive Orders, Rules or Regulations, and this lease shall not be terminated, in whole or in part, nor lessee held liable in damages, for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such Law, Order, Rule or Regulation.

Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the lessee shall have the right at any time to redeem for lessor, by payment any mortgages, taxes or other liens on the above described lands, in the event of default of payment by lessor, and be subrogated to the rights of the holder thereof, and the undersigned lessors, for themselves and their heirs, successors and assigns, heroby surrender and assigns, heroby surrender and release all right of dower and homestead in the premises described herein, in so far as said right of dower and homestead may in any way affect the purposes for which this lease is made, as recited herein.

Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in lessee's judgment it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises, such pooling to be of tracts contiguous to one another and to be into a unit or units not exceeding 40 acres each in the event of an oil well, or into a unit or units not exceeding 640 acres each in the event of a gas well. Lessee shall execute in writing and record in the conveyance records of the county in which the land herein leased is situated an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or the royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved.

\*\*\* This lease is subject to the terms, conditions, and provisions of the Addendum attached hereto and made fully a part hereof:

\*\*\* This lease is subject to a Letter Agreement of even date herewith.

# ADDENDUM

This Addendum is attached to that certain oil and gas lease dated the 23rd day of August, 2011, entered into by and between Ortley Brothers KMB, LLC, a Limited Liability Company BY: Mark Ortley, Managing Partner

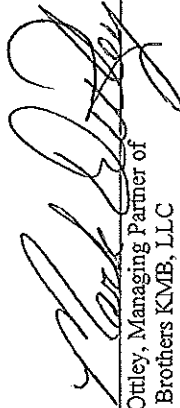

as Lessor, and Ritchie Exploration, Inc. as Lessee, and covering the following described land in GOVE County, State of KANSAS, described as follows, to wit:

Township 13 South, Range 30 West      Township 13 South, Range 31 West  
Section 7: NE/4                                      Section 11: ALL  
Section 7: SW/4                                      Section 12: N/2NE/4  
Section 18: N/2                                      Section 12: W/2

In the event of conflict between the provisions of this Addendum and the provisions of the Oil and Gas Lease to which this Addendum is attached, the provisions of this Addendum shall be controlling.

1. Lessor reserves the right to designate all routes of ingress and egress and must be consulted by Lessee or his assigns as to location of all roads, pipelines, tank batteries, power lines, and other equipment prior to its construction and installation, so as to minimize interference with surface farming and ranch operations.
2. If production is established on pasture land, then a cattle guard shall be installed at the point of ingress and egress and the operational site shall be fenced off to prevent livestock from coming into contact herewith.
3. All operations shall be conducted in such a manner as to protect all sources of water supply from contamination, including watercourses and ponds, and Lessee shall be liable for any contamination thereof. Lessee shall be required to set surface pipe in accordance with the rules and regulations of the Kansas Corporation Commission (KCC).
4. Lessee shall keep the leasehold premises free from trash and rubbish.
5. No pond water may be used from the premises for drilling without written permission of Lessor. No water wells will be drilled on the premises without the written permission of Lessor.
6. No salt water disposal well shall be located on said land without written consent of Lessor. Provided, however, this paragraph shall not apply to the disposal of salt water produced by wells of Lessee located on the leased premises.
7. Lessee, or his assigns, shall pay all damages caused by its drilling operations on all land covered by such operations, whether such lands are in crops or pasture.
8. Lessee will bury all pipelines, except those temporary lines used in drilling or reworking operations, at least 36 inches deep.
9. In the event production is secured and a tank battery installation is necessary, such tank battery shall be located in any corner of the herein described quarter section, as desired by the Lessor, but in no event shall it be installed closer than 1,320 feet to the center of said land without written consent of Lessor.
10. Lessee further agrees to restore the surface and the surface contours as nearly as practicable to their original condition after drilling operations have been completed on the herein described land.
11. Lessee and/or assigns further agree to bury all electrical lines below plow depth.
12. If during the primary term of this lease operations for the drilling of a well for oil and/or gas are commenced and continuously prosecuted to completion, whether such well be dry or capable of producing oil or gas on lands covered by this lease or lands unitized therewith, this lease shall be extended for an additional ninety (90) days beyond the end of such primary term. The primary term of this lease shall be extended for an additional ninety (90) days for each additional well drilled. It is understood that the purpose of this paragraph is to grant to Lessee, its successors and assigns, one 90-day extension of the primary term as to the total leasehold for each well drilled to completion, whether dry or capable of producing oil and/or gas. It is further understood that in the event a well is completed as capable of producing oil and/or gas, this lease shall continue as long thereafter as oil, liquid hydrocarbons, gas or other respective constituent products, or any of them, is produced from said land or land with which said land is pooled, subject to the provisions provided in Paragraph 13 below.

13. At the expiration of the primary term, as may be extended by drilling operations as described above, this Lease shall terminate as to all lands except the quarter-quarter section upon which any producing well is located, subject to the rules and regulations of the applicable governing agency. It is the intent that each producing well shall hold forty (40) acres.
