FLAGGED FENCE OPPOSITE LOC.

• Contouring data is based upon the best maps and photographs available to us and upon a regular section of 100 containing 640 acres.
 • Approximate section lines were determined using the normal standard of care of oilfield surveyors practicing in the state of Kansas. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the well site location in the section is not guaranteed. Therefore, the obligor securing this service and occupying this plot and all other parties relying thereon agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all losses, costs and expenses and sold entities released from any liability from incidental or consequential damages.
 • Elevations derived from National Geodetic Vertical Datum.
