CATTLE IN SECTA

HAGANS "A" #1-11

\* Control/ty data is based upon the best maps and photographs available to us and upon a rubber/stamp survey. This was determined using the normal standards of care of oilfield surveyors including in the state of Kansas the section corners, which establish the precise section lines, were not necessarily located, and the exact location of the drill site location in the section is not guaranteed. We warrant that the location of the well is within the section boundaries. We warrant that the location of the well is within the section boundaries. We warrant that the location of the well is within the section boundaries. We warrant that the location of the well is within the section boundaries.
