Email Address: _____

Well Location:
____ - ____ - ____ - ____ Sec. ____ Twp. ____ S. R. ____ East West
County: _____
Lease Name: _____ Well #: _____

If filing a Form T-1 for multiple wells on a lease, enter the legal description of the lease below:

Surface Owner Information:

Name: _____
Address 1: _____
Address 2: _____
City: _____ State: _____ Zip: _____ + _____

When filing a Form T-1 involving multiple surface owners, attach an additional sheet listing all of the information to the left for each surface owner. Surface owner information can be found in the records of the register of deeds for the county, and in the real estate property tax records of the county treasurer.

If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.

Select one of the following:

- I certify that, pursuant to the Kansas Surface Owner Notice Act (House Bill 2032), I have provided the following to the surface owner(s) of the land upon which the subject well is or will be located: 1) a copy of the Form C-1, Form CB-1, Form T-1, or Form CP-1 that I am filing in connection with this form; 2) if the form being filed is a Form C-1 or Form CB-1, the plat(s) required by this form; and 3) my operator name, address, phone number, fax, and email address.
- I have not provided this information to the surface owner(s). I acknowledge that, because I have not provided this information, the KCC will be required to send this information to the surface owner(s). To mitigate the additional cost of the KCC performing this task, I acknowledge that I am being charged a \$30.00 handling fee, payable to the KCC, which is enclosed with this form.

If choosing the second option, submit payment of the \$30.00 handling fee with this form. If the fee is not received with this form, the KSONA-1 form and the associated Form C-1, Form CB-1, Form T-1, or Form CP-1 will be returned.

AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office **prior** to spudding of well;
2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

API # 15 - _____

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

In all cases, please fully complete this side of the form. Include items 1 through 5 at the bottom of this page.

Operator: _____

Lease: _____

Well Number: _____

Field: _____

Number of Acres attributable to well: _____

QTR/QTR/QTR/QTR of acreage: _____ - _____ - _____ - _____

Location of Well: County: _____

_____ feet from N / S Line of Section

_____ feet from E / W Line of Section

Sec. _____ Twp. _____ S. R. _____ E W

Is Section: Regular or Irregular

If Section is Irregular, locate well from nearest corner boundary.

Section corner used: NE NW SE SW

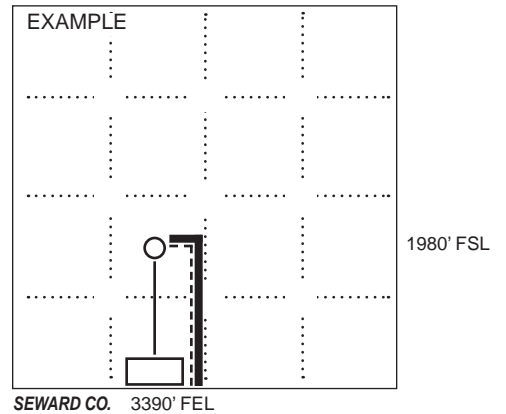

PLAT

Show location of the well. Show footage to the nearest lease or unit boundary line. Show the predicted locations of lease roads, tank batteries, pipelines and electrical lines, as required by the Kansas Surface Owner Notice Act (House Bill 2032). You may attach a separate plat if desired.

LEGEND

- Well Location
- Tank Battery Location
- Pipeline Location
- Electric Line Location
- Lease Road Location

NOTE: In all cases locate the spot of the proposed drilling locaton.

In plotting the proposed location of the well, you must show:

1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
3. The distance to the nearest lease or unit boundary line (in footage).
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

NOTICE OF INTENT TO DRILL (FORM C-1)

Instructions

General Instructions.

1. Form must be typed.
2. Form must be signed.
3. All applicable blanks must be completed.
4. Form must be submitted with a completed Form KSONA-1.

Section 1: Expected Spud Date.

Enter the Month, Day, and Year when the operator expects to drill the subject well.

Section 2: Operator Information.

- 2a. **License #.** Enter the operator's license number. To verify KCC operator license information, check the Commission's website at http://kcc.ks.gov/conservation/oil_license.cgi or contact the Conservation Division's Licensing Department at (316) 337-6194.
- 2b. **Name.** Enter the operator's full name as it appears on operator's license.
- 2c. **Address.** Enter the operator's street or P.O. Box mailing address.
- 2d. **City/State/Zip.** Enter the operator's city, state, and zip code.
- 2e. **Contact Person.** Enter the name of the individual who will be the operator's contact person for this Intent, should Conservation Division Staff need to contact the operator about the Intent. The contact person may be the operator or the operator's agent.
- 2f. **Phone.** Enter the phone number of the contact person, so Conservation Division Staff may easily reach the contact person if necessary to discuss the Intent.

Section 3: Drilling Contractor.

The drilling contractor is the operator that will be performing the physical operations of drilling the well. The contractor may or may not be the same as the operator listed in Section 2.

- 3a. **License #.** Enter the contractor's license number. To verify KCC operator license information, check the Commission's website at http://kcc.ks.gov/conservation/oil_license.cgi, or contact the Conservation Division's Licensing Department at (316) 337-6200.
- 3b. **Name.** Enter the contractor's full name as it appears on its operator's license.

Section 4: Well Purpose; Well Class; and Type of Equipment.

- 4a. **Well Drilled For.**
 - 4a(1). Mark the appropriate box for the purpose the well is being drilled. Mark all that apply.
 - 4a(2). **For only OWWO** Intents to reenter a plugged wellbore or deepen an existing wellbore, complete this section with the following information for the existing well:
 - 4a(2)(a). **Operator.** The name of the last operator of the existing well.
 - 4a(2)(b). **Name.** The name under which the well was last operated.
 - 4a(2)(c). **Original Completion Date.** The date on which the existing well was originally completed.
 - 4a(2)(d). **Original Total Depth.** Original total depth of the existing well.
- 4b. **Well Class.** Mark the appropriate box for the class of well for which drilling authority is sought.
- 4c. **Type Equipment.** Mark the appropriate box for the type of drilling equipment the contractor will use to drill the well.

Section 5: Directional, Deviated or Horizontal Wellbore.

Mark the appropriate box to indicate whether the well for which the operator is seeking drilling authority will be a directional, deviated, or horizontal wellbore. Commission Regulation K.A.R. 82-3-103a(a) provides that the operator must notify the Commission for any hole where intended deviation from the surface to the top of the producing formation exceeds seven degrees (7). If the answer is no, the operator may proceed to Section 6. If yes, the operator needs to complete Sections 5a, 5b, and 5c,

and the operator must file an application with the Conservation Division and provide notice pursuant to K.A.R. 82-3-135a.

- 5a. **True Vertical Depth.**

True vertical depth is the bottom hole depth, as measured from the point at the surface directly above the proposed bottom hole location.
- 5b. **Bottom Hole Location.** The geographic location of the proposed bottom hole location ($\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ Section, Township, Range).
- 5c. **KCC DDT #.** If the operator has filed an application under K.A.R. 82-3-103a(a), enter the application's Docket Number.

Section 6: Proposed Well Location and Other Information.

- 6a. **Spot Description.** Enter the spot location of the proposed well ($\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$).
- 6b. **Sec., Twp., R.** Enter the Section, Township and Range in which the proposed well is located, and mark the appropriate box to indicate if the range is East or West of the Sixth Principal Meridian.
- 6c. **Footage Location.** This is where the operator reports the location of the proposed well from the North or South section line and the East or West section line. The operator should enter the number of feet the proposed well is located from the North or South section line and mark the appropriate box for the measurement to indicate if the footage is from the North or South section line. Follow the same procedure for the location of the proposed well from the East or West section line.
- 6d. **Regular or Irregular Section.** Mark the appropriate box to indicate whether the section is regular or irregular.
- 6e. **County.** Enter the county in which the proposed well is located.
- 6f. **Lease Name and Well Number.** Enter the name of the lease and the well number.
- 6g. **Field Name.** List the name of the field from which the well will produce. Field names are available on the KGS web site <http://www.kgs.ku.edu/Magellan/Field/index.html>.
- 6h. **Prorated/Spaced Field.** Mark the appropriate box to indicate whether the targeted field is spaced or prorated by Commission Order. See http://kcc.ks.gov/conservation/summary_prorated_fields.pdf for a list of spaced or prorated oil and gas fields.
- 6i. **Target Formation(s).** Enter the name of the target geologic formation or formations.
- 6j. **Nearest Lease or Unit Boundary.** Enter the distance from the proposed well to the nearest lease or unit boundary.
- 6k. **Ground Surface Elevation.** Enter the elevation (from sea level) of the proposed well location.
- 6l. **Water Well Within One-Quarter Mile.** Review water well records with the Kansas Geological Survey and mark the appropriate box to indicate whether there is a water well within a $\frac{1}{4}$ -mile radius of the proposed well location. Water well information is available on the Survey's website, <http://www.kgs.ku.edu/Magellan/WaterWell/index.html>.
- 6m. **Public Water Supply Well Within One Mile.** Review water well records with the Kansas Geological Survey and mark the appropriate box to indicate whether a public water supply well is within one mile of the proposed well.
- 6n. **Depth to Bottom of Fresh Water.** Enter the number of feet from the surface to the bottom of the deepest fresh water zone in the proposed well. This number is subject to change upon review by Conservation Division Staff.
- 6o. **Depth to Bottom of Usable Water.** Enter the number of feet from the surface to the bottom of the deepest usable water zone in the proposed well. This number is subject to change upon review by Conservation Division Staff.
- 6p. **Surface Pipe By Alternate 1 or 2.** Mark the appropriate box to indicate whether Alternate 1 or 2 surface casing requirements will be followed. This selection is subject to change upon review by Conservation Division Staff.

- 6q. **Length of Surface Pipe Planned to be Set.** Enter the length of surface pipe to be set in the proposed well. This number is subject to change upon review by Conservation Division Staff.
- 6r. **Length of Conductor Pipe Required.** Enter the length of conductor pipe required in the proposed well. This number is subject to change upon review by Conservation Division Staff.
- 6s. **Projected Total Depth.** Enter the projected total depth of the proposed well.
- 6t. **Formation at Total Depth.** Enter the name of the geologic formation present at the projected total depth of the proposed well.
- 6u. **Water Source for Drilling Operations.** If the water source for drilling operations at the proposed well is a well or farm pond, mark the appropriate box. If another water source will be utilized, mark the "Other" box and enter the water source for the proposed well's drilling operations in the blank provided to the right of that box.
- 6v. **DWR Permit #.** Enter the permit number given by the Division of Water Resources office. If the operator will obtain DWR Permit in the future, mark the "Note: Apply for Permit with DWR" box.
- 6w. **Cores.**
- 6w(1). Mark the appropriate box to indicate whether core samples will be taken.
- 6w(2). If yes, provide the proposed zone from which core samples will be taken.
- 8l. **Regular or Irregular Section.** Mark the appropriate box to indicate whether the section in which the proposed well is located is a regular or irregular section.
- 8m. **Nearest Corner Boundary (For Irregular Sections Only).** Mark the appropriate box to indicate which corner boundary of the irregular section is nearest to the proposed well.

Section 7: Affidavit.

The Affidavit is the operator's oath that the drilling, completion, and eventual plugging of the proposed well will comply with Chapter 55 of the Kansas Statutes Annotated. The operator or its agent must read all six requirements of the Affidavit, date and sign the agreement, and provide their title/position with the operator in the appropriate blanks.

Section 8: Plat.

For all wells, complete 8a through 8m described below, and complete the plat map showing the location of the proposed well and the preliminary estimated locations of tank batteries, pipelines, electrical lines, and lease roads. Refer to the Legend to the right of the plat map for the symbols to be used. Surrounding wells are not required on the plat map. **For wells subject to a basic proration order**, complete the plat map on the Intent and also provide the plat map on Form CG-8 or CO-7 as required by K.A.R. 82-3-103(a)(2)(K).

- 8a. **API Number.** To be left blank. Conservation Division Staff will assign the API Number for the proposed well.
- 8b. **Operator.** Enter the operator's full name as it appears on the operator's license.
- 8c. **Lease.** Enter the name of the lease upon which the proposed well is to be located.
- 8d. **Well Number.** Enter the number of the proposed well.
- 8e. **Field.** Enter the oil or gas field in which the proposed well is located.
- 8f. **Number Acres Attributable to the Well.** Enter the number of acres attributable to the well. An acreage attribution plat must be attached to the Intent for wells located in spaced or prorated fields (Form CO-7 for oil wells and Form CG-8 for gas wells).
- 8g. **QTR/QTR/QTR/QTR of Acreage.** Operator should enter the $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ Section location of the acreage attributable to the well.
- 8h. **Location of Well: County.** Enter the county in which the proposed well is located.
- 8i. **Feet from North/South Section Line.** Enter the proposed well's location, in feet, from the North or South section line and mark the appropriate box to indicate the section line used.
- 8j. **Feet from East/West Section Line.** Enter the proposed well's location, in feet, from the East or West section line and mark the appropriate box to indicate the section line used.
- 8k. **Section, Township, Range.** Enter the Section, Township, and Range in which the proposed well is to be located, and mark the appropriate box to indicate whether the range number is East or West.

AFFIDAVIT 7

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office **prior** to spudding of well;
2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

APPLICATION FOR SURFACE PIT (FORM CDP-1) Instructions

General Instructions.

1. All Notices of Intent to Drill must include an Application for Surface Pit, even if steel pits will be used.
2. Operators need to submit two copies of all CDP-1s.
3. Form must be typed.

Section 1: Operator Information.

- 1a. **Operator Name.** Enter the operator's full name as it appears on operator's license.
- 1b. **License Number.** Enter the operator's license number. To verify KCC operator license information check the Commission's website at http://kcc.ks.gov/conservation/oil_license.cgi or contact the Conservation Division's Licensing Department at (316) 337-6194.
- 1c. **Operator Address.** Enter the operator's mailing address.
- 1d. **Contact Person.** Enter the name of the individual who will be the operator's contact person for this Application for Surface Pit, should Conservation Division Staff need to contact the operator about the Application for Surface Pit. The contact person may be the operator or the operator's agent.
- 1e. **Phone Number.** Enter the phone number of the contact person, so that Conservation Division Staff may easily reach the contact person if necessary.

Section 2: Lease/Well/Pit Information.

- 2a. **Lease Name & Well No.** Enter the name of the lease, and if applicable the well number, at which the pit is or will be located.
- 2b. **Type of Pit.** Mark the appropriate box to indicate the type of pit. Note—if the pit is a workover pit, the operator must enter the API No. or Year Drilled of the well which is to be worked over.
- 2c. **Proposed or Existing Pit.** Operator should mark the appropriate box to indicate if the pit is proposed or already exists.
 - 2c(1). **Existing Pits.** The operator should provide the date pit was constructed.
 - 2c(2). **Proposed and Existing Pits.** The operator must provide the pit capacity.
- 2d. **Pit Location.**
 - 2d(1). **¼ ¼ ¼ ¼ Section.** The operator should list the location of the pit by ¼ ¼ ¼ ¼ Section.
 - 2d(2). **Sec., Twp., and R.** The operator should enter the Section, Township and Range Number in which the pit is located, and should mark either the "East" or "West" box to indicate if the Range # is East or West.
 - 2d(3). **Footage Location.** This is where the operator reports the location of the pit from the North or South section line and the East or West section line. Enter in the blank provide the number of feet the pit is or will be from the North or South section line and then mark the appropriate box for the measurement to indicate if the footage is from the North or South section line. Follow the same procedure with respect to the location of the pit from the East or West section line.
 - 2d(4). **County.** Enter the county in which the pit is or will be located.
- 2e. **Sensitive Groundwater Area.** Mark the appropriate box as to whether or not the pit is located in a Sensitive Groundwater Area. Operators may find a listing of Sensitive Groundwater Areas in Table III of the Conservation Division's Rules and Regulations. The Commission's rules and regulations for the conservation of oil and gas, including Table III, are available in an Adobe pdf file from the Conservation Division's website at <http://kcc.ks.gov/conservation/index.htm>.
- 2f. **Chloride Concentration (for emergency and settling pits only).** Indicate the chloride concentration level of fluids which the pit is or will be used to contain. A sample should be taken from the salt water tank. This information is needed to determine the potential for contamination should the salt water tank discharge into the emergency pit.

- 2g. **Below Ground Level.** Mark the appropriate box to indicate whether the bottom of the pit is below ground level.
- 2h. **Artificial Liner.** Mark the appropriate box to indicate whether the pit is or will be constructed with an artificial liner.
- 2i. **Other Liner.** Explain how the pit is constructed if a plastic liner is not used.
- 2j. **Pit Dimensions (all but working pits).** For all but steel pits, enter the length, width, and depth (from ground level to the deepest point) in feet of the pit. If the pit is a steel pit, the operator only needs to mark the "steel pits" box. If no pits will be used, mark the "No Pit" box.

Section 3: Description of Liner.

If the pit is lined, enter a brief description of the liner material, thickness, and installation procedure.

Section 4: Description of Maintenance.

Enter a brief description of the procedures used for periodic maintenance and determining liner integrity, including any special monitoring.

Section 5: Distance to Nearest Water Well Within One Mile of Pit.

Enter the distance to the nearest water well within one mile of the pit location and the total depth of the water well. If there are not any water wells within a one-mile radius of the pit location, the space should be left blank. Water well information is available from the Kansas Geological Survey's website, at <http://www.kgs.ku.edu/Magellan/WaterWell/index.html>.

Section 6: Shallowest Freshwater Depth.

Enter the depth to the shallowest fresh water in the area of the pit and mark the appropriate box as the source of the freshwater information.

Section 7: Emergency, Settling, and Burn Pits ONLY.

Enter the formation from which wells on the lease are producing, the number of producing wells on the lease, and the number of barrels of fluids produced daily on the lease. The operator should also mark the appropriate box to indicate if the slope of the tank battery allows all spilled fluids to flow in the pit.

Section 8: Drilling, Workover, and Haul-Off Pits ONLY.

Enter the type of material utilized in the drilling or workover of the well, the number of working pits to be utilized, and the procedure to be used for abandoning the pits after work at the well is complete.

Section 9: Affidavit.

Date and sign the certification that the above statements are true and correct to the best of the signee's knowledge and belief.

KANSAS CORPORATION COMMISSION
OIL & GAS CONSERVATION DIVISION

Form KSONA-1
July 2010
Form Must Be Typed
Form must be Signed
All blanks must be Filled

**CERTIFICATION OF COMPLIANCE WITH THE
KANSAS SURFACE OWNER NOTIFICATION ACT**

This form must be submitted with all Forms C-1 (Notice of Intent to Drill); CB-1 (Cathodic Protection Borehole Intent); T-1 (Request for Change of Operator Transfer of Injection or Surface Pit Permit); and CP-1 (Well Plugging Application). Any such form submitted without an accompanying Form KSONA-1 will be returned.

Select the corresponding form being filed: C-1 (Intent) CB-1 (Cathodic Protection Borehole Intent) T-1 (Transfer) CP-1 (Plugging Application)

OPERATOR: License # _____
Name: _____
Address 1: _____
Address 2: _____
City: _____ State: _____ Zip: _____ + _____
Contact Person: _____
Phone: (_____) _____ Fax: (_____) _____
Email Address: _____

Well Location:
____ - ____ - ____ - ____ Sec. ____ Twp. ____ S. R. ____ East West
County: _____
Lease Name: _____ Well #: _____

If filing a Form T-1 for multiple wells on a lease, enter the legal description of the lease below:

Surface Owner Information:

Name: _____
Address 1: _____
Address 2: _____
City: _____ State: _____ Zip: _____ + _____

When filing a Form T-1 involving multiple surface owners, attach an additional sheet listing all of the information to the left for each surface owner. Surface owner information can be found in the records of the register of deeds for the county, and in the real estate property tax records of the county treasurer.

If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.

Select one of the following:

- I certify that, pursuant to the Kansas Surface Owner Notice Act (House Bill 2032), I have provided the following to the surface owner(s) of the land upon which the subject well is or will be located: 1) a copy of the Form C-1, Form CB-1, Form T-1, or Form CP-1 that I am filing in connection with this form; 2) if the form being filed is a Form C-1 or Form CB-1, the plat(s) required by this form; and 3) my operator name, address, phone number, fax, and email address.
- I have not provided this information to the surface owner(s). I acknowledge that, because I have not provided this information, the KCC will be required to send this information to the surface owner(s). To mitigate the additional cost of the KCC performing this task, I acknowledge that I am being charged a \$30.00 handling fee, payable to the KCC, which is enclosed with this form.

If choosing the second option, submit payment of the \$30.00 handling fee with this form. If the fee is not received with this form, the KSONA-1 form and the associated Form C-1, Form CB-1, Form T-1, or Form CP-1 will be returned.

I hereby certify that the statements made herein are true and correct to the best of my knowledge and belief.

Re: Plugging Application
API 15-009-14476-00-00
WOLF B 3
NE/4 Sec.01-20S-12W
Barton County, Kansas

Dear John Niernberger:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

This notice is void after April 02, 2014. The CP-1 filing does not bring the above well into compliance with K.A.R 82-3-111 with regard to the Commission's temporary abandonment requirements.

Sincerely,
Production Department Supervisor

cc: District 4
