Dear Operator,

Commission records indicate that you filed an Application for Surface Pit ("CDP-1") form for the referenced well along with your Intent to Drill. The CDP-1 indicated that fluids would be transferred from a drilling pit, or Commission Staff required that fluids be transferred from a drilling pit.

We have not received a Waste Transfer (CDP-5) form.

Commission records indicate that the referenced well was spudded more than 13 months ago. Under K.A.R. 82-3-602, drilling pits must be closed within 12 months after the spud date of the well. Further, an operator must submit a CDP-5 within 1 month after transferring waste.

Since no CDP-5 is on file, you are in violation of K.A.R. 82-3-608.

Failure to submit a complete, accurate CDP-5 for the pit or pits associated with the referenced well by December 4, 2013 shall be punishable by a \$250 per-well administrative penalty.

The information requested above must be submitted on KOLAR. Please contact me at (316) 337-6200 if you have any questions.

Sincerely,

KATHY HAYNES
