#### **PLAT**

Show location of the well. Show footage to the nearest lease or unit boundary line. Show the predicted locations of lease roads, tank batteries, pipelines and electrical lines, as required by the Kansas Surface Owner Notice Act (House Bill 2032).

You may attach a separate plat if desired.

NOTE: In all cases locate the spot of the proposed drilling locaton.

#### 2360 ft.

#### In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
- 5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

LANE COUNTY FEEDERS, INC., a Kansas corporation

.

CREDO PETROLEUM CORPORATION

Hereinafter referred to as Lessor and

Hereinafter referred to as Lessee:

The terms and provisions of the Addendum shall be deemed controlling, notwithstanding anything to the contrary or inconsistent with the provisions contained within the attached Lease, and regardless of whether such contrary or inconsistent items have been deleted.

#### 1. ACCESS ROADS AND PIPELINES: TERRACES AND PITS.

- (a) Prior to the construction of any road on the leased premises, Lessee shall consult with the surface owner as to the location and direction of the same. However, final determination for the location of the road to above-described equipment shall reside with Lessee.
- (b) There shall be no oil road surfaces or hard surfacing of any access roads without the written consent of the surface owner. Lessee shall bury pipelines to a depth of not less that forty inches (40") below the surface.
- (c) Lessee sgrees to assume the responsibility for and the expense of lowering any pipeline, electric line, or pumping unit installed upon the leased premises when reasonably necessary for the use of surface owner in his agricultural operations, including, but not specifically limited to, the use of said land for irrigation purposes. Surface owner agrees to allow Lessee to use standard pumping unit (should production be established) on said lease. However, Lessee shall be required to use a low profile pumping unit where an overhead sprinkler is in place.
- (d) When Lessee digs a reserve pit, all black dirt will be piled separately. In the event of a dry hole or abandonment and the said pit is filled and leveled, then the last dirt removed from the pit shall be the first dirt put back into the pit.
- 2. <u>TERMINATION AND ABANDONMENT</u>. Upon termination of the lease (whether by abandonment or otherwise), the Lessee shall fill all pits and ponds constructed by Lessee, and remove all structures placed on the leased premises by Lessee, and reasonably restore the leased premises to the condition existing at the time this Lease was executed, all within six (6) months following such termination or abandonment. All pits shall be filled and leveled in accordance with the rules and regulations as set forth by the Kansas Corporation Commission. The surface owner is to be notified when pits are filled so that the surface owner may be present when the pits are filled and the surface is restored. All plastic liners must be removed from the pits prior to surface restoration.
- 3. PROTECTION AGAINST POLLUTION. The Lessee agrees with the Lessor and surface owner that in connection with the operation and development of the leased premises, Lessee will follow the rules and regulations of the appropriate State or Federal Government Agency to protect all fresh water strats and the surface from pollution by salt water and other refuse. If at any time oil or salt water or chemicals used in the production of oil or gas shall flood over any grounds other than the immediate well site or tank battery site, damages shall be paid to the surface owner for each and every occurrence.
- A. <u>SALT WATER DISPOSAL</u>. The Lessee shall consult with surface owner as to the location of any saltwater disposal equipment prior to its installation by Lessee in the exception of salt water produced from wells located on the leased premises or on lands pooled or utilized therewith, Lessee is prohibited from disposing of salt water without the written consent of the surface owner and without compensating the surface owner for the use thereof, upon such terms as are agreeable to the surface owner.
- 2. DAMAGES.
- (a) Lessee shall be liable and responsible unto the surface owner for damages suffered by Surface owner and caused by Lessee, including, but not limited to, water contamination (surface owner and subsurface), damages to growing crops, land, pasture grass (pasture grass being considered a growing crop at any time of the year, notwithstanding the time of year the damage to the pasture occurs), livestock, underground pipelines, water wells, irrigation wells, buildings, improvements and fences. All damages payable under this paragraph (a) shall be due and payable within three (3) months of Lessee being notified by surface owner of the damages.
- (b) Lessee shall construct and properly maintain a permanent fence around each pumping unit, pit and tank battery installed on the leased premises in order to prevent injury to livestock. No notice shall be required from surface owner or surface owner's tenant with regard to the placement of cattle on the leased premises. Notwithstanding the construction of fencing, all livestock killed or poisoned by oil or chemicals, or injured by equipment or vehicles used in livestock killed or poisoned by oil or chemicals, or injured by equipment or vehicles used in the operation of this Lease, shall be paid for by Lessee at fair market value, plus the sum of the operation of this Lease, shall be paid for by Lessee at fair market value, plus the sum of sport animal for trouble and inconvenience caused to the owner of the livestock, said payment to be made within 30 days after notice to Lessee. Lessee shall have the right to

have the livesto—axamined by a licensed veterinarian; the livestock owner shall thus notify Lessee before disposing of any dead or injured livestock.

6. INDEMNIFICATION. Lessee will indemnify, hold harmless, and defend Lessor and the surface owner against any claim, demand, cost, liability, loss, or damage (including reasonable attorney's fees suffered by Lessor or surface owner arising out of the following activities conducted by Lessee, or those having a contractual relationship with Lessee, on the leased premises:

(a) Any activity expressly or implicitly authorized or required by this Lease.

(b) Plugging and abandonment of wellbores drilled by Lessee.

(c) Management, use, and disposal of produced water and wastes or substances associated with Lessee's activities.

(d) The generation, processing, handling, transportation, storage, treatment, recycling, marketing, use, disposal, release of oil, natural gas, natural gas liquids, all other petroleum substances, and waste material, or any "Hazardous Substance" or "Pollutant" or Contaminant" as those terms are defined by the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) at CERCLA §101 (14) and (33), 42 U.S.C. §9601 (14) and (3) (1988).

Lessee's obligations created by this section are continuing obligations that will continue in effect, and be Enforceable by Lessor and surface owner, or either of them, even after the Lessee terminates or otherwise ceases to burden the leased premises.

7. CRP PROVISIONS. The Lessee acknowledges that all or part of the land covered by this Addendum may now or subsequently be enrolled in the Conservation Reserve Program (CRP) of the Commodity Credit Corporation (CCC), United States Department of Agriculture. As long as any part of the leased premises is enrolled in the CRP, the Lessee shall be obligated, at Lessee's expense, to restore lands used by Lessee during its operations, to the same condition as nearly as practicable to its original condition as found prior to Lessee's operations and to take all necessary and reasonable precautions to prevent soil erosion resulting from Lessee's drilling operations. Such work shall be performed in a good and workmanlike manner and in such manner as may be required by the Farm Services Administration (FSA) under the terms of the CRP Contract. If drilling a well causes surface owner to lose any benefits of a CRP Contract that is in existence at the time the well is drilled, including repayment of past CRP payments, or loss of future CRP payments, Lessee shall reimburse surface owner for such damages.

8. TWO-YEAR EXTENSION OF LEASE. If at the end of the primary term, this lease is not otherwise continued in force under the provisions hereof, this lease shall expire, unless Lessee on or before the end of the primary term shall pay or tender to Lessor, the sum of Ten (\$10.00) multiplied by the number of net mineral acres owned by the Lessor in the land above described and then subject to this lease, and subject to other provisions of the primary term hereof. Notwithstanding the additional term of two (2) years from the end of the primary term hereof. Notwithstanding the provisions of the lease to the contrary, this lease shall not be considered a producing lease by the payment of delay rental beyond the expiration of the primary term.

# 9. RESTRICTED AREA FOR EXPLORATION WITHIN LEASED PREMISES

Notwithstanding anything contained herein to the contrary, it is expressly agreed between the Lesser and Lessee, their successors, and/or assigns, that Lessee shall not conduct, nor commence any surface operations (including, but not limited to geophysical surveys and drilling operations) on the lessed premises, as set forth in this Oil and Gas Lesse agreement, as to and only as to, that certain tract of land, referred to hereinafter as the "Restricted Area", said tract only as to, that certain tract of land, referred to hereinafter as the "Restricted Area", said tract of Swint and Section 11-T17S-R29W; thence traversing along the South line of said SW1/4 to a point 577-test of said southwest corner; thence North 396-feet to a point of beginning (P.O.B.) being the southwest corner of the "Restricted Area"; thence North 1,089-feet to a point, thence East Systeet to a point; thence South 1,089 feet to a point; thence South 1,089 feet to a point; thence Post to a point, thence South 1,089 feet to a point; thence West 792-feet to the P.O.B.) Restricted Area containing 20-acres, more or less.

10. BINDING EFFECT. This Lease and Addendum to said Lease and all of its terms, conditions and together with the Heirs, devisees, executors, administrators, personal representatives, assigns and successors of the Lessor, Lessee and surface owner.

In no event shall the production of oil or gas on any individual tract extend the primary term of the lease on the other tracts listed herein, unless such tracts are included in a gas-producing unit. Leasee shall be obligated to file of record in the county courthouse in which the leased premises are localed, within thirty (30) days following written demand thereof by Lesser, a release of this or by being included in a gas-producing unit. If such release is not mailed or delivered to the or by being included in a gas-producing unit. If such release is not mailed or delivered to the or by being included in a gas-producing unit. If such release is not mailed or delivered to the or by being included in a gas-producing unit, if such release is not mailed or delivered to the damages, including attorney's fees, if any, incurred by Lessor in obtaining such.

# 2. ACCESS ROADS AND PIPELINES: TERRACES AND PITS.

- (a) Prior to the construction of any road on the leased premises, Lessee shall consult with the surface owner as to the location and direction of the same. However, final determination for the location of the road to above-described equipment shall reside with Lessee.
- (b) There shall be no oil road surfaces or hard surfacing of any access roads without the written consent of the surface owner. Lessee shall bury pipelines to a depth of not less that forty inches (40") below the surface.
- (c) Lessee agrees to assume the responsibility for and the expense of lowering any pipeline, electric line, or pumping unit installed upon the leased premises when reasonably necessary for the use of surface owner in his agricultural operations, including, but not specifically limited to, the use of said land for irrigation purposes. Surface owner agrees to allow Lessee to use standard pumping unit (should production be established) on said lease. However, Lessee shall be required to use a low profile pumping unit where an overhead sprinkler is in place.
- (d) When Lessee digs a reserve pit, all black dirt will be piled separately. In the event of a dry hole or abandonment and the said pit is filled and leveled, then the last dirt removed from the pit shall be the first dirt put back into the pit.
- TERMINATION AND ABANDONMENT. Upon termination of the lease (whether by abandonment or otherwise), the Lessee shall fill all pits and ponds constructed by Lessee, and remove all structures placed on the leased premises by Lessee, and reasonably restore the leased premises to the condition existing at the time this Lease was executed, all within six (6) months following such termination or abandonment. All pits shall be filled and leveled in accordance with the rules and regulations as set forth by the Kansas Corporation Commission. The surface owner is to be notified when pits are filled so that the surface owner may be present when the pits are filled and the surface is restored. All plastic liners must be removed from the pits prior to surface trestoration.

PROTECTION AGAINST POLLUTION. The Lessee agrees with the Lesser and surface owner that in connection with the operation and development of the leased premises, Lessee will follow the rules and regulations of the appropriate State or Federal Government Agency to protect all fresh water strata and the surface from pollution by salt water and other refuse. If at any time oil or salt water or chemicals used in the production of oil or gas shall flood over any grounds other or salt water or chemicals used in the production of oil or gas shall flood over any grounds other than the immediate well site or tank battery site, damages shall be paid to the surface owner for

5. <u>SALT WATER DISPOSAL</u>. The Lessee shall consult with surface owner as to the location of any saltwater disposal equipment prior to its installation by Lessee in the operation of the Lease. With the exception of salt water produced from wells located on the leased premises or on lands pooled or utilized therewith, Lessee is prohibited from disposing of salt water without the written consent of the surface owner and without compensating the surface owner for the use thereof, upon such terms as are agreeable to the surface owner.

e. <u>DAMAGES</u>.

each and every occurrence.

- (a) Lessee shall be liable and responsible unto the surface owner for damages suffered by Surface owner and caused by Lessee, including, but not limited to, water contamination (surface and subsurface), damages to growing crops, land, pasture grass (pasture grass being considered a growing crop at any time of the year, notwithstanding the time of year the damage to the pasture occurs), livestock, underground pipelines, water wells, irrigation wells, buildings, improvements and fences. All damages payable under this paragraph (a) shall be due and payable within three (3) months of Lessee being notified by surface owner of the damages.
- (b) Lessee shall construct and properly maintain a permanent fence around each pumping unit, pit and tank battery installed on the leased premises in order to prevent injury to livestock. No notice shall be required from surface owner or surface owner's tenant with regard to the placement of cattle on the leased premises. Notwithstanding the construction of fencing, all livestock killed or poisoned by oil or chemicals, or injured by equipment or vehicles used in the operation of this Lease, shall be paid for by Lessee at fair market value, plus the sum of the operation of this Lease, shall be paid for by Lessee at fair market value, plus the sum of payment to be made within 30 days after notice to Lessee. Lessee shall have the right to have the livestock examined by a licensed veterinarian; the livestock owner shall thus notify have the livestock examined by a licensed veterinarian; the livestock owner shall thus notify bessee before disposing of any dead or injured livestock.
- Owner against any claim, demand, cost, liability, loss, or damage (including reasonable attorney's fees suffered by Lessor or surface owner arising out of the following activities conducted by Lessee, or those having a contractual relationship with Lessee, on the leased conducted by Lessee, or those having a contractual relationship with Lessee, on the leased

ADDENDUM to and made a part of that certain oil and gas lease dated January 3, 2012 by and between Grace Elaine Snider, Trustee of the Grace Elaine Snider Trust No. 1 dated February 23, 1995 as Lessor and Credo Petroleum Corporation, as Lessee.

# ADDENDUM TO OIL AND GAS LEASE

IV. Notwithstanding that Lessee will require ingress and egress for operations without delay, Lessee shall consult with the Lessor (surface owner and/or tenant) as to the location, direction and designation of any roadway or access route on the leased premises, provided that such designated and/or access route shall be sufficient in width for normal operations. Furthermore prior to the construction of any roads, pipelines, tank battery installations, or installations of other equipment on the leased premises, Lessee shall notwithstanding, all storage tanks and tank battery installations shall be installed in any of the four (4) corners of the leased premises.

18. Lessee shall reasonably restore the premises as nearly as practicable to its original contours and condition, including but not limited to the filing of all pits, ponds, and temoval of all structures, including roadway surface material, if any, placed thereon during the term of said lease; and upon abandonment, Lessee shall similarly comply with the provisions of restoration herein set forth within six (6) months from the date of abandonment.

19. Lessee shall agree to conduct its operations on the leased premises in such a way as to minimize interference with irrigation activities that are now being conducted or hereinafter are conducted on the surface. In the event a test well(s) is drilled on the leased premises and completed for production of oil and/or gas, Lessee agrees to install low-profile pumping equipment and any other equipment required for production of oil and gas shall be placed on the land at such a level, which will permit a circular irrigation system to traverse said land.

20. This lease is subordinate to that certain Oil and Gas Lease dated January 22, 2008 and recorded at Book 122, Page 05. Lessor hereby agrees not to revise, modify or extend the said lease.

21. In the event a well is drilled on the leased premises by the current Lessee, its successors or assigns, Credo Petroleum Corporation shall have the option to release this Lease prior to the effective date referenced herein.
