### IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

In all cases, please fully complete this side of the form. Include items 1 through 5 at the bottom of this page.

| Operator:   | Location of Well: County:   |
|---|---|
| Lease:  | feet from N / S Line of Section   |
| Well Number:  | feet from E / W Line of Section   |
| Field:  | Sec Twp S. R  |
| Number of Acres attributable to well:                               | Is Section: Regular or Irregular  |
| PI  | If Section is Irregular, locate well from nearest corner boundary.  Section corner used: NE NW SE SW  LAT   |
| lease roads, tank batteries, pipelines and electrical lines, as req | ease or unit boundary line. Show the predicted locations of quired by the Kansas Surface Owner Notice Act (House Bill 2032). eparate plat if desired. |
|   | LEGEND  |
| <u> </u>  | O Well Location  Tank Battery Location  Pipeline Location  Electric Line Location  Lease Road Location  |
| 33  | EXAMPLE   |
|   | 1980' FSL   |
|   | SEWARD CO. 3390' FE   |

NOTE: In all cases locate the spot of the proposed drilling locaton.

### In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
- 5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

Re: Drilling Pit Application
Davis A-32
NE/4 Sec.33-13S-10E
Wabaunsee County, Kansas

### Dear Brian Rickard:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as practical after drilling operations have ceased.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 432-2300 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

A copy of this letter should be posted in the doghouse along with the approved Intent to **Drill**. If you have any questions or concerns please feel free to contact the District Office at (620) 432-2300.
