Section corner used: NE NW SE SW

PLAT

(Show location of the well and shade attributable acreage for prorated or spaced wells.)
 (Show footage to the nearest lease or unit boundary line.)

NOTE: In all cases locate the spot of the proposed drilling locaton.

Controlling data is based upon the best maps and photographs available to us and upon a regular section of land containing 840 acres.
 Approximate section lines were determined using the normal standards of care of all field surveys practiced in the state of Kansas. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the well in the section is not guaranteed. Therefore, the operator securing this service and occupying this plat, and all other parties relying thereon agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all losses, costs and expenses and said entities released from any liability from this plat or consequential damages.
 Elevation derived from National Geodetic Vertical Datum.
