Re: Drilling Pit Application Rees Ranch 12-19 SW/4 Sec.19-19S-35W Wichita County, Kansas

Dear J. Robert Tuck:

District staff has inspected the location and has determined that an unsealed condition will present a pollution threat to water resources.

District staff has instructed that no earthen pits are to be used at this location. Steel pits are to be used. Please inform the Commission in writing as to which disposal well you utilized to dispose of the contents in the steel pits and the amount of fluid that was disposed.
