A horizontal number line representing distance. It starts at 0 and ends at 1 km. Major tick marks are labeled at 0, 0.15, 0.3, 0.6 mi, and 1 km. Between 0.3 and 0.6 mi, there are four smaller tick marks, dividing the interval into four equal segments. The labels 0.15, 0.3, 0.6 mi, and 1 km are positioned above the line, while 0 is positioned below it.
