Recommendation

The referenced well is recommended for plugging and abandonment.

Discussion

The Biernacki 2-16 was producing approximately 10 MCPPD when it was temporarily abandoned in early 2010. The well was drilled in 1994 to a total depth of 2,725 feet and completed in the Krider formation. Cumulative production from this well has been 167 MMCF of natural gas.

Geology has determined no uphole potential and the well has been temporarily abandoned. The lease has expired and Chesapeake has plugging liability.

The gross estimate AFE cost to P&A the well is \$23M (\$23M net to COI). Partner approval will not be necessary to commence operations.

Your approval is respectfully requested.

Re: Plugging Application API 15-055-21114-00-00 BIERNACKI 2-16 SW/4 Sec.16-24S-31W Finney County, Kansas

Dear Sarah Rodriguez/Doug Kathol:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

This notice is void after January 20, 2015. The CP-1 filing does not bring the above well into compliance with K.A.R 82-3-111 with regard to the Commission's temporary abandonment requirements.

Sincerely, Production Department Supervisor
