NOTE: In all cases locate the spot of the proposed drilling locaton.

#### In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
- 5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

Re: Drilling Pit Application Niedenthal 10 NE/4 Sec.23-14S-15W Russell County, Kansas

Dear Jeremiah J. Burton:

According to the drilling pit application referenced above, no earthen pits will be used at this location. Steel pits will be used. Please inform the Commission in writing as to which disposal well you utilized to dispose of the contents in the steel pits and the amount of fluid that was disposed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, within 30 days of fluid removal.

Should a haul-off pit be necessary please file form CDP-1 (April 2004), Application for Surface Pit, through KOLAR. This location will have to be inspected prior to approval of the haul-off pit application.

A copy of this letter should be posted in the doghouse along with the approved Intent to **Drill**. If you have any questions or concerns please feel free to contact the District Office at (785) 625-0550.

# HAUL-OFF PIT APPLICATION FILING REQUIREMENTS

| <b>82-3-607.</b> (a) | DISPOSAL OF DIKE AND PIT CONTENTS.  Each operator shall perform one of the following when disposing of dike or   |  |  |  |
|----------------------|--|--|--|--|
| pit                  |  |  |  |  |
| (4)                  | contents:  |  |  |  |
| (1)                  | Remove the liquid contents to a disposal well or other oil and gas operation approved by the commission or to road maintenance or construction locations approved by the department; |  |  |  |
| (2)                  | dispose of reserve pit waste down the annular space of a well completed  |  |  |  |
|                      | according to the alternate I requirements of K.A.R. 82-3-106, if the waste to  |  |  |  |
|                      | be disposed of was generated during the drilling and completion of the well;   |  |  |  |
| or (3)               | dispose of the remaining solid contents in any manner required by the  |  |  |  |
| (3)                  | dispose of the remaining solid contents in any manner required by the commission. The requirements may include any of the following:   |  |  |  |
|                      | (A) Burial in place, in accordance with the grading and restoration  |  |  |  |
|                      | requirements in K.A.R. 82-3-602 (f);   |  |  |  |
|                      | (B) removal and placement of the contents in an on-site disposal area  |  |  |  |
|                      | approved by the commission;  |  |  |  |
|                      | (C) removal and placement of the contents in an off-site disposal area   |  |  |  |
| on                   |  |  |  |  |
|                      | acreage owned by the same landowner or to another producing  |  |  |  |
| lease                | or unit approted by the same approtor if prior written permission  |  |  |  |
| from                 | or unit operated by the same operator, if prior written permission   |  |  |  |
| пош                  | the landowner has been obtained; or  |  |  |  |

|          | (D)       | removal of the contents to a permitted off-site disposal area       |
|----------|-----------|---|
| approved |           |   |
|          |           | by the department.  |
| (b)      | Each      | violation of this regulation shall be punishable by the following:  |
| (1       | ) A \$1,0 | 000 penalty for the first violation;                                |
| (2       | a \$2,5   | 00 penalty for the second violation; and                            |
| (3       | a \$5,0   | 000 penalty and an operator license review for the third violation. |

File Haul-Off Pit Application in KOLAR. Review the information below and attach all required documents to the pit application when submitting through KOLAR. This form will automatically generate and fill in from questions asked in KOLAR.

| Haul-off pit will be located in an on-site disposal area:YesNo   |
|--|
| Haul-off pit is located in an off-site disposal area on acreage owned by the same landowner: YesNo   |
| Haul-off pit is located in an off-site disposal area on another <b>producing</b> lease or unit operated by the same operator:YesNo If yes, written permission from the land owner must be obtained. Attach permission and a copy of the lease assignment that covers the acreage where the haul-off pit is to be located, to the haul-off pit application. |

## NOTICE TO OPERATORS FILING INTENT TO DRILL FOR DISPOSAL OR ENHANCED RECOVERY INJECTION WELLS, (CLASS II INJECTION WELL)

The attached approved Notice of Intent to Drill indicates the proposed well is to be used for injection. An approved "Intent to Drill" does not approve injection authority as a Class II Injection Well in Kansas.

Before any well is used for injection purposes, the operator must file an application for injection authority in accordance with K.A.R. 82-3-401 and provide notice in accordance with K.A.R. 82-3-402. The Conservation Division must issue a written permit granting the application before commencement of injection.

The Conservation Division requirements and restrictions associated with Class II Injection are identified in K.A.R. 82-3-400 et seq of our regulations. Associated regulations governing drilling, completion and injection applications may be found in K.A.R. 82-3-135, Table I, Table II, in the Cedar Hills Sandstone Moratorium, (Docket #156,397-C), and the Eastern Kansas Surface Casing Order, (Docket #133,891-C).

If you have questions regarding the approval of injection authority, an injection application may be filed as a "Design Approval" before actual drilling and completion of the well occurs. If you have any questions or concerns regarding Class II injection wells or regulations, call the Underground Injection Control Department at 316-337-6200.

Failure to obtain commission approval before beginning injection is punishable by a penalty, shut-in of the well or both.
