AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

- 1. Notify the appropriate district office **prior** to spudding of well;
- 2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
- 3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
- 4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
- 5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
- 6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

Is Section:  Regular or  Irregular

**If Section is Irregular, locate well from nearest corner boundary.**

Section corner used:  NE  NW  SE  SW

**PLAT**

Show location of the well. Show footage to the nearest lease or unit boundary line. Show the predicted locations of lease roads, tank batteries, pipelines and electrical lines, as required by the Kansas Surface Owner Notice Act (House Bill 2032).

*You may attach a separate plat if desired.*

**LEGEND**

- Well Location
- Tank Battery Location
- Pipeline Location
- Electric Line Location
- Lease Road Location

**NOTE: In all cases locate the spot of the proposed drilling locaton.**

**In plotting the proposed location of the well, you must show:**

1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
3. The distance to the nearest lease or unit boundary line (in footage).
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

## **DECLARATION OF POOLING AND CONSOLIDATION**

THIS DECLARATION OF POOLING AND CONSOLIDATION is made and entered into this 1<sup>st</sup> day of October 2014, by John Jay Darrah, Jr., as Lessee.

KNOW ALL MEN BY THESE PRESENTS: That

WHEREAS, the following described oil and gas leases are owned by Darrah Oil Company, LLC, as Lessee, to wit:

Oil and Gas Lease dated August 6, 2012, by and between Terry L. Gaunt and Glenda Gaunt, husband and wife, as Lessor, and John Jay Darrah, Jr., as Lessee, covering the lands situated in the South Half of the Northwest Quarter (S/2 NW/4) of Section 31, Township 20 South, Range 13 West, as recorded in the office of the Register of Deeds of Barton County Kansas, in Book 617 at Page 2305 containing 80 acres more or less.

Oil and Gas Lease dated August 24, 2012, by and between Bernice K. Henkle Living Trust, Susan M. Muth, Trustee, as Lessor, and John Jay Darrah, Jr., as Lessee, covering the lands situated in the South Half of the Northeast Quarter (S/2 NE/4) of Section 31, Township 20 South, Range 13 West, as recorded in the office of the Register of Deeds of Barton County Kansas, in Book 617 at Page 2837, containing 80 acres more or less.

WHEREAS, said Oil and Gas Leases provide *inter alia* as follows:

“Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in lessee's judgment it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises, such pooling to be of tracts contiguous to one another and to be into a unit or units not exceeding 40 acres each in the event of an oil well, or into a unit or units not exceeding 640 acres each in the event of a gas well. Lessee shall execute in writing and record in the conveyance records of the county in which the land herein leased is situated an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved”, and

WHEREAS, John Jay Darrah Jr., as the owner and lessee of the above described oil and gas leases, has determined in its judgement that it is necessary and advisable to pool and combine the oil rights in and under a portion of the acreage and lands covered by the above described oil and gas leases in order to properly develop said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises as one oil operating unit, upon the terms and conditions hereinafter provided and as provided in said oil and gas leases;

NOW, THEREFORE, IN CONSIDERATION of the premises, the execution of this declaration and the mutual covenants herein to be performed, and other good and valuable consideration, Lessee, acting pursuant to the above and foregoing recitals and the terms and conditions of the above described oil and gas leases, does hereby execute this Declaration of Pooling and Consolidation and does hereby form an oil unit of said leases and land, including Lessors' royalty interest, as to the oil rights, insofar and only insofar as said leases and the lands included within the pool and oil unit described are as follows, to wit:

Northeast Quarter of the Southeast Quarter of the Northwest Quarter (NE/4 SE/4 NW/4), and the Northwest Quarter of the Southwest Quarter of the Northeast Quarter (NW/4 SW/4 NE/4), and the Southeast Quarter of the Southeast Quarter of the Northwest Quarter (SE/4 SE/4 NW/4), and the Southwest Quarter of the Southwest Quarter of the Northeast Quarter (SW/4 SW/4 NE/4), in Section 31, Township 20 South, Range 13 West, Barton County, Kansas, containing 40 acres more or less;

To the same extent as if said oil leasehold estate had originally been included in one oil and gas lease, which pooled and combined area is hereby designated as the Gaunt Unit #1-31, and which area shall include within the same all land covered by the above described oil and gas leases insofar and only insofar as the same are included within the above described oil unit.

Lessee does hereby state that drilling operations for oil and/or gas and production of oil and/or gas on any part of the oil unit shall be treated as if such drilling operations were had or such oil and/or gas production was obtained from land described in each of said leases, regardless of where the oil and/or gas well or wells may be located upon said oil unit, and that the entire acreage contained in said oil unit shall be treated for all purposes, except the payment of royalties on such production of oil from said oil unit, as if said lands were included in each of said oil and gas leases. In lieu of the oil royalty set forth in said oil and gas leases, and pursuant to the terms of the unitization clause in each said lease, each respective Lessor shall receive on oil production, only such portion of the royalty stipulated in the pertinent oil and gas leases, as the amount of Lessor's surface acreage contained in his/her oil and gas lease placed in the oil unit bears to the amount of the total surface acreage of the entire pooled area. Nothing herein contained shall authorize or affect any transfer of any title to any leasehold, royalty or other interest pooled pursuant hereto.

This Declaration of Pooling and Consolidation and the terms and conditions hereof shall extend to and be binding upon all persons having any right, title or interest of any kind or character in and to the above described oil and gas leases, including Lessors' rights thereunder, their respective heirs, successors and assigns.

This Declaration of Pooling and Consolidation may be executed in any number of counterparts, each of which will be deemed an original instrument but all of which together shall constitute by one and the same instrument.

IN WITNESS WHEREOF, Lessee has hereunto caused this Declaration of Pooling and Consolidation to be executed as of the day and year first above written.

Re: Drilling Pit Application  
Gaunt Unit 1-31  
NW/4 Sec.31-20S-13W  
Barton County, Kansas

Dear Will Darrah :

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again within 72 hours after drilling operations have ceased.

**If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.**

The fluids should be taken to an authorized disposal well. Please call the District Office at (785) 625-0550 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

**A copy of this letter should be posted in the doghouse along with the approved Intent to Drill.** If you have any questions or concerns please feel free to contact the District Office at (785) 625-0550.
