Controlling data is based upon the best maps and photographs available to us and upon a regular section of line containing 640 acres.  
 Accurate section lines were determined using the actual corners of one of our oilfield surveys conducted in the state of Kansas. The exact location of the precise section lines were not necessarily located, and the exact location of the precise section lines is not guaranteed. Therefore, the operator bearing this notice and operating this well and all other operations hereon agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all losses, costs and expenses and any other obligation released from any liability from the issuance of this notice.
