RE: Plug and Abandon

MLP Clawson 1-34 Property No: 217807

SEC 34-T29S-R34W Haskell County, Kansas

Chesapeake Energy GWI = 100% NRI = 81.535447%

Recommendation

The referenced well is recommended for plugging and abandonment.

Discussion

The MLP Clawson 1-34 was drilled and completed in November 1996 to a total depth of 5650'. Initially, the Chester was acidized w/ 30 bbls acid. Chesapeake acquired the well from Hugoton in 1998. In 1998 the well had 3 csg leaks that were squeezed and in 2008 another csg leak was squeezed. In 2002 the well was converted to WIW.

The well has produced a cumulative 77.2 MMCF & 102.9 MBO and has no remaining reserves (1Q15). Geology has determined no uphole potential and the well has been temporarily abandoned. The lease has expired and Chesapeake has plugging liability.

The gross estimate AFE cost to P&A the well is \$42M (\$42M net to COI). Partner approval will not be necessary to commence operations.

Your approval is respectfully requested.

Re: Plugging Application API 15-081-21035-00-01 MLP CLAWSON 1-34 SW/4 Sec.34-29S-34W Haskell County, Kansas

Dear Katie Wright:

The Conservation Division has received your Well Plugging Application (CP-1).

Under K.A.R. 82-3-113(b)(2), you must notify DISTRICT 1 of your proposed plugging plan at least 5 days before plugging the well. DISTRICT 1's phone number is (620) 225-8888. Failure to notify DISTRICT 1, or failure to file a Well Plugging Record (CP-4) after the well is plugged will result in a penalty recommendation.

Under K.A.R. 82-3-600, you must file an Application for Surface Pit (CDP-1) if you wish to use a workover pit while plugging the well. Failure to timely file a CDP-1, failure to timely remove fluids, or failure to timely file Closure of Surface Pit (CDP-4) or Waste Transfer (CDP-5) forms will result in a penalty recommendation.

This receipt does NOT constitute authorization to plug this well if you do not otherwise have the legal right to do so.

This receipt is VOID after August 06, 2015. If the well is not plugged by then, you will have to submit a new CP-1 if you wish to plug the well.

The August 06, 2015 deadline does NOT override any compliance deadline given to you by Legal, District, or other Commission Staff. Failure to comply with any given deadline will still result in the Commission assessing penalties, or taking other legal action.

Sincerely, Production Department Supervisor
