OIL AND GAS LEASE

AGREEMENT, Made and entered into the 28th day of August, 2013

by and between Harlan Radke or Alane L. Radke, Trustees under the Harlan Radke Living Trust, dated May 14, 2004

whose mailing address is 18200 Michaelis Rd Russell, KS 67665 hereinafter called Lessor (whether one or more)

and H&D Exploration, L.L.C. PO Box 387 Hoisington, KS 67544 hereinafter called Lessee

Lessor, in consideration of One Dollar (\$ 1.00) as bond paid, receipt of which is here acknowledged and of the royalties herein provided and of the agreements of the lessee herein contained, hereby grants, leases and lets exclusively unto lessee for the purpose of investigating, exploring by geophysical, including but not limited to 3-D seismic, and other means, prospecting, drilling, mining and operating for and producing oil, liquid hydrocarbons, all gases, and their respective associated products, separating gas, water, other fluids, and all other substances, strata, logging, pipe lines, string, etc., building, tools, power stations, telephones, lines, and other structures and things thereon to produce, save, take care of, treat, manufacture, possess, store and transport said oil, liquid hydrocarbon, gases, and their respective associated products and other products unmanufactured therefrom, and handling and otherwise carrying, for its employees, the following described land, together with any necessary rights and after required interest, therein situated:

County of Russell, State of Kansas, described as follows, to-wit:

North Half South Half of 30-15-14 N/2 of S/2 of 30-15-14

in Section 30, Township 15, Range 14, and containing 160 acres, more or less, and all accretions thereto

Subject to the provisions herein contained, this lease shall remain in force for a term of Two (2) years from this date (called "primary term") and as long thereafter as oil or liquid hydrocarbons, gas or other respective associated products, or any of them, is produced from said land or land with which said land is pooled.

In consideration of the premises the said lease covenants and agrees:

1st. To hold as lessor, free of cost, one-eighth (1/8) of all proceeds received by lessee for oil produced and sold from the leased premises. 2nd. To pay as lessor for gas of whatever nature or kind produced and sold, or used off the premises, in and in the manufacture of any products therefrom, one-eighth (1/8) of the market price at the well, (but, as to gas sold by lessee, in no event more than one-eighth (1/8) of the proceeds received by lessee from such sales), for the gas sold, used off the premises, or in the manufacture of products therefrom and payments to be made monthly. Where gas from a well producing gas only is not sold or used, lessee may pay or tender as royalty One Dollar (\$1.00) per year per net mineral acre retained hereunder, and if such payment or tender is made it will be considered that gas is being produced within the meaning of the preceding paragraph.

This lease may be terminated during the primary term hereof without further payment or drilling operations. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue so long as it is in force with like effect as if such well had been completed within the term of years first mentioned.

If said lessee obtains a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided for shall be paid to said lessor only in the proportion which lessee's interest bears to the whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil and water produced on and from for lessee's operations thereon, except water from the wells of lessor.

When requested by lessor, lessee shall buy lessee's pipe lines below flow depth.

No well shall be drilled deeper than 200 feet to the base or base now or hereinafter unless previously written consent of lessor.

Lessee shall pay for damages caused by lessee's operations to growing crops on said land.

Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove sewage.

If the estate of either party hereto is assigned, and the privilege of assigning, in whole or in part is expressly allowed, the covenants hereof shall extend to the heirs, executors, administrators, assignees or assigns, but no change in the ownership of the land or assignment of rentals or royalties shall be binding on the lessee until after the lessee has been furnished with a written transfer or assignment of a true copy thereof.

In case lessee assigns this lease, in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

Lessee may at any time execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises, and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

All express or implied covenants of this lease shall be subject to all Federal and State Laws, Executive Orders, Rules or Regulations, and this lease shall not be terminated, in whole or in part, nor lessee held liable or damaged, for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such Law, Order, Rule or Regulation.

I, Grant hereby, warrants and agrees to defend the title to the lands herein described, and agrees that the lessee shall have the right at any time to reduce for lessor, by payment or mortgages, taxes or other liens on the above described lands, in the event of default of payment by lessor, and be subrogated to the rights of the holder thereof, and undersigned lessee, for themselves and their heirs, successors and assigns, hereby states by and releases all right of dower and homestead in the premises described herein, in so far as said right of dower and homestead may in any way affect the purposes for which this lease is made, as recited herein.

Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in lessee's judgment it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises, such pooling to be of tract, ownership to one another and to be into a unit or units not exceeding 80 acres, each in the event of an oil well, or into a unit or units not exceeding 500 acres, each in the event of a gas well. Lessee shall execute in writing and record in the conveyance records of the county in which the land herein leased is situated an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalty otherwise herein specified, lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or his royalty interest therein, on an acreage basis, bears to the total acreage so pooled in the particular unit involved.

NOTE: At the end of said lease, H&D Exploration L.L.C. has the option to extend this lease for one year at \$10.00 per acre.
