RE: Plug and Abandon

Wood 5A-29 Property No: 218402

SEC 29-T24S-R40W

Hamilton County, Kansas

Chesapeake Energy GWI = 86.12573% NRI = 71.18795%

Recommendation

The referenced well is recommended for plugging and abandonment.

Discussion

The Wood 5A-29 was drilled and completed in March 1994 to a total depth of 5,250', and a cmt plug was set @ 2400'. Initially, the Chase was frac'd w/ 500 gal acid & 4000# 100 mesh sand & 17,500# 12/20 Brady sand. Chesapeake acquired the well from Hugoton in 1998.

The well has produced a cumulative 394 MMCF and has no remaining reserves (1Q15). Geology has determined no uphole potential and the well has been temporarily abandoned. The lease has not expired but the well is uneconomical to produce and Chesapeake has plugging liability.

The gross estimate AFE cost to P&A the well is \$23M (\$19.8M net to COI). Partner approval will be necessary to commence operations.

Your approval is respectfully requested.

Procedure

- 1. Notify KCC District 1 at least 5 days before plugging operations KCC District 1: (620) 225-8888
- 2. MIRU WOR, POOH with pump & rods. ND WH, NU BOP, TOOH with tubing.
- 3. Tie onto 4 ½ csg. Mix & pump cmt plug to perfs @ 2,344'-2,344', with cotton hulls as per KCC recommendation (100 sx cmt w/ 200 cotton hulls). After cmt plug has setup PSI test csg to 700#.
- 4. RU WL and run CBL from the top of the cmt plug to surface. Based on TOC calculate cmt volume needed for squeeze job. Follow KCC recommendation on placement of perforations & cmt volumes.
- 5. Perforate per KCC recommendation for circulating cmt to surface.
- 6. TIH with tbg. Pump the cmt plugs in casing displacing with plugging mud as per KCC recommendation, or specified volumes below:

Plug 2: Shoe & FW Plug (1350'-1150') 70 sx. w/ 2% CaCl₂ Plug 3: Surface plug (34'-4') 10 sx. w/ 2% CaCl₂

7. Cut off casing 4ft. below ground level, weld on steel ID plate. RDMO WOR.

Re: Plugging Application API 15-075-20531-00-01 WOOD 5A-29 NW/4 Sec.29-24S-40W Hamilton County, Kansas

Dear Sara Everett:

The Conservation Division has received your Well Plugging Application (CP-1).

Under K.A.R. 82-3-113(b)(2), you must notify DISTRICT 1 of your proposed plugging plan at least 5 days before plugging the well. DISTRICT 1's phone number is (620) 225-8888. Failure to notify DISTRICT 1, or failure to file a Well Plugging Record (CP-4) after the well is plugged will result in a penalty recommendation.

Under K.A.R. 82-3-600, you must file an Application for Surface Pit (CDP-1) if you wish to use a workover pit while plugging the well. Failure to timely file a CDP-1, failure to timely remove fluids, or failure to timely file Closure of Surface Pit (CDP-4) or Waste Transfer (CDP-5) forms will result in a penalty recommendation.

This receipt does NOT constitute authorization to plug this well if you do not otherwise have the legal right to do so.

This receipt is VOID after July 07, 2016. If the well is not plugged by then, you will have to submit a new CP-1 if you wish to plug the well.

The July 07, 2016 deadline does NOT override any compliance deadline given to you by Legal, District, or other Commission Staff. Failure to comply with any given deadline will still result in the Commission assessing penalties, or taking other legal action.

Sincerely, Production Department Supervisor

cc: DISTRICT 1
