

Bowman Oil Company Keller CNE Lease

NE/4 of 30-10-19 Rooks County, Kansas

* Keller #3 #15-163-00670-0001 KGS says SWD NESE NE
 was plugged 5-31-1954 then SWD 8-22-85 KGS says current unavailable
 D+A TD was 3795 now 3975 but is murfin Drilling

6-15-2016

If production pipe is set, a leadline will be laid from
 Keller CNE #2 to #1, where it will hook into existing #1 leadline
 then will go through existing leadline to existing Tank Battery.
 Then water goes to existing saltwaterline going to Keller #3 SWD (murfin Drilling)
