Re: Well Plugging
API 15-063-22288-00-00
ZIE 1-10
SW/4 Sec.10-14S-28W
Gove County, Kansas

Dear Doyle Williams:

On September 01, 2016 an operator well plugging report (CP-4) was received, which indicated to Staff that Triple Crown Operating LLC is the current operator of the ZIE lease. However, Conservation Division records indicate you have not filed a Request for Change of Operator, Transfer of Injection or Surface Pit Permit (Conservation Division Form "T-1") transferring operator responsibility to Triple Crown Operating LLC for the ZIE lease. Triple Crown Operating LLC therefore remains the Commission's operator of record and party responsible for the proper care and control of ZIE lease.

K.A.R. 82-3-136(a) provides that if operator responsibility is transferred, the past operator shall report the transfer to the Conservation Division with 30 days of the change upon a form prescribed by the Commission (the T-1); and/or K.A.R. 82-3-410(a) provides that authority to operate an injection well shall not be transferred from one operator to another without the approval of the Conservation Division. Furthermore, the transferring operator shall in writing notify the Conservation Division of its intent to transfer the injection authority, on a form prescribed by the Commission, the T-1, and in compliance with K.A.R. 82-3-136.

Staff will provide you with 28 days from this letter's date to bring the ZIE lease into compliance with K.A.R. 82-3-136 and/or K.A.R. 82-3-410(a). As such, you have until September 29, 2016 to bring the ZIE lease into compliance. To bring your operations into compliance, you need to file a T-1 with Conservation Division for the ZIE lease. A blank T-1 is enclosed with this letter. The T-1 is also available on the Conservation Division's website, at <http://kcc.ks.gov/conservation/forms/index.htm>, or upon request in the Conservation Division's central office in Wichita or any of the Conservation Division's district offices. If Triple Crown Operating LLC believes it is still the operator of the ZIE lease, you need to contact Jonelle Rains, the Conservation Division's Supervisor of Environmental Protection and Remediation, immediately to address the situation. Jonelle Rains may be reached at the Conservations

Division's central office in Wichita, at the contact information listed on the bottom of this page.

If by September 29, 2016 the Conservation Division has not received the T-1 requested, or you have not contacted Jonelle Rains and resolved this situation, Staff may refer the matter to the Conservation Division legal staff with a recommendation for an administrative penalty or penalties. Violations of K.A.R. 82-3-136(a) and K.A.R. 82-3-410(a) are punishable by up to a \$1,000 fine for the first violation, \$2,000 for a second, and \$3,000 and operator license review for a third violation. In addition, Staff may ask the Commission to shut in your current operations until compliance is achieved.

Please contact the Conservation Division immediately, or provide the requested information by September 29, 2016, to remedy the above possible violation(s) and avoid further compliance action by the Commission. Please include a copy of this letter with the completed T-1 form upon filing with the Conservation Division.

Sincerely,
Production Department Supervisor
