Kansas Corporation Commission

RE: Ray A-1, Ray C 1, Ray C2

The Temporary Abandonment, Form CP-111, was previously denied for lack of valves or plugs in the tubing for surface control. Valve and plugs were installed shortly after receiving denial and KCC staff was notified. We understood that this corrective action would be sufficient to obtain TA status, and that the previously submitted application would be approved. We did not realize that the CP-111 form had to be re-submitted in identical form.
