Location:					
Was the barrel gauge used to estimate the	amount of chemical in the open dr	ums? Y / N			

JOB REVIEW AND OTHER COMMENTS (List any work done on the lease, any work that needs to be done or any other comments.)

If well is on a time clock, barrel test and fluid level status should be taken. If possible, after running the well on hand for at least 12 hours, if the well will not over pump. Fluid pound and balance status should be determined before putting the well on hand and/or just prior to the end of a time clock cycle.

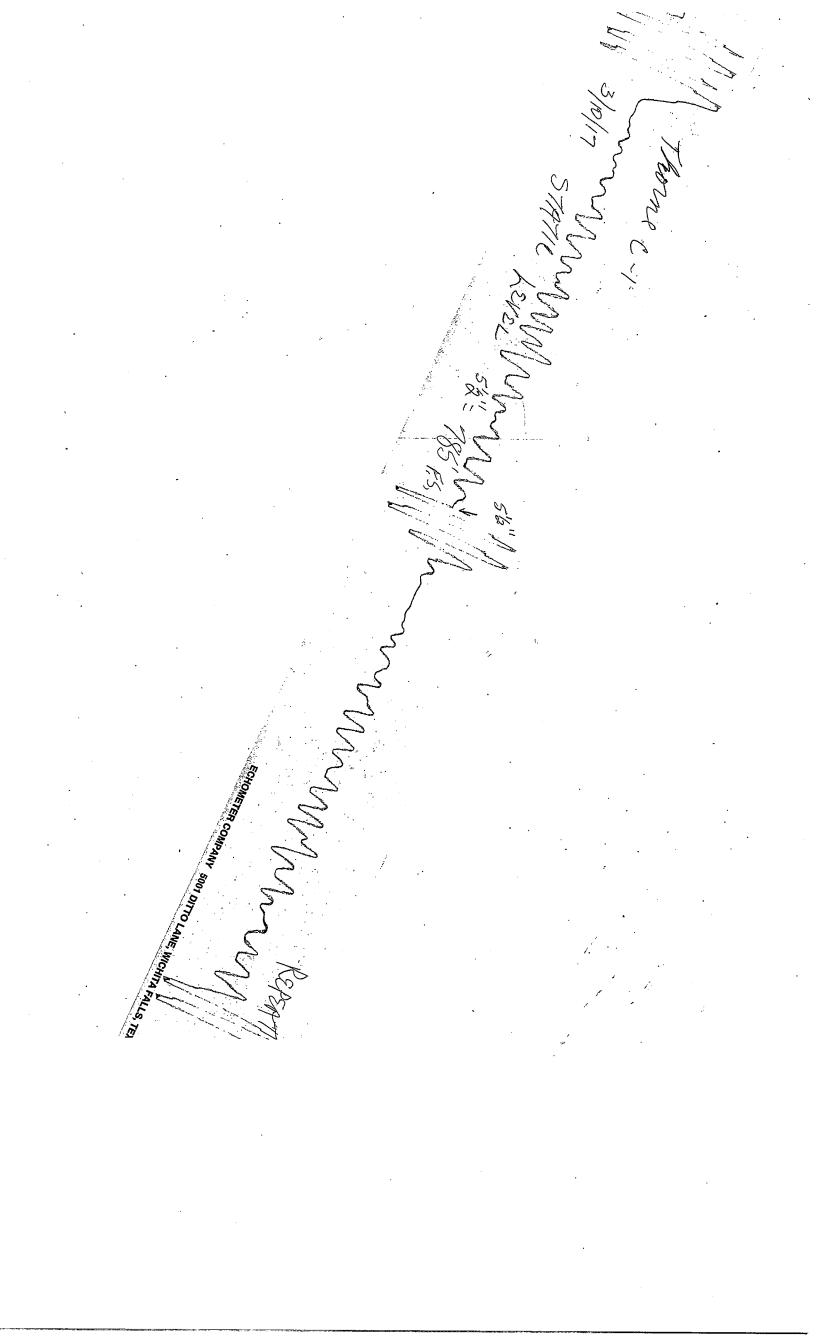

A. Just prior to end of time clock cycle in normal operation.

B. Number of minutes or hours in time clock cycle?

X:\Forms\Lease Inspection

C. After well had been left on hand for \_\_\_\_\_ hours.

D. Well is not on a time clock.

Re: Temporary Abandonment API 15-009-16049-00-00 Thorne C 1 SE/4 Sec.22-16S-13W Barton County, Kansas

Dear Bruce Meyer:

"Your temporary abandonment (TA) application for the well listed above has been approved. In accordance with K.A.R. 82-3-111 the TA status of this well will expire 03/22/2018.

\* If you return this well to service or plug it, please notify the District Office.

\* If you sell this well you are required to file a Transfer of Operator form, T-1.

\* If the well will remain temporarily abandoned, you must submit a new TA application, CP-111, before 03/22/2018.

You may contact me at the number above if you have questions.

Very truly yours,

**RICHARD WILLIAMS "**
