7. Contact landowner for best access.
8. Location fell 46' NE. of a NW-SE railroad r/w fence.

- All data is based upon the best maps and photographs available to us and upon a regular survey of land containing 640 acres.
- All approximate section lines were determined using the normal standard of care of oilfield surveyors practicing in the state of Kansas. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the drillsite location in the section is not guaranteed. Therefore, the contractor requiring this service and accepting this plat and all other parties relying thereon agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all losses, costs and expenses and said writing released from any liability from incidental or consequential damages.
- Elevations derived from National Geodetic Vertical Datum.

Date May 16, 2017
