2. Subject to the provisions herein contained, this lease shall remain in force for a term of three (3) years from this date (called "primary term"), and as long as thereafter as oil, liquid hydrocarbons or gas or other respective constituent products, or any form of them is produced from said land or land with which said land is pooled.
 3. In consideration of these premises lessee covenants and agrees:
 - a. To deliver to the credit of lessor, free of cost, in the pipeline to which lessee may connect wells on said land, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises.
 - b. Where gas from a well producing gas only is not sold or used, lessee may pay or tender as royalty One Dollar (\$1.00) per year per net mineral acre retained hereunder, and if such payment or tender is made it will be considered that gas is being produced within the meaning of the preceding paragraph.
 4. This lease may be maintained during the primary term hereof without further payment or drilling operations. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years first mentioned.
 5. If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided for shall be paid to lessor only in the proportion which lessor's interest bears to the whole and undivided fee.
 6. Lessee shall have the right to use, free of cost, gas, oil and water produced on the leased premises for lessee's operations thereon, except water from wells of lessor.
 7. When requested by the lessor, lessee shall bury lessee's pipelines below plow depth.

In lieu of the royalties elsewhere herein specified, lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved.
16. If at the end of the primary term, this lease is not otherwise continued in force under the provisions hereof, this lease shall expire, unless Lessee on or before the end of the primary term shall pay or tender to Lessor, the sum of twenty (\$20.00) multiplied by the number of net mineral acres owned by Lessor in the land above described and then subject to this lease; and subject to the other provisions of this lease, this lease shall thereby be modified and the primary term shall be extended for an additional term of two (2) year(s) from the end of the primary term hereof. Said payment may be made by check or draft of Lessee or any assignee thereof, mailed or delivered direct to Lessor at the address first provided above, on or before the end of the primary term.

Where gas from a well producing gas only is not sold or used, lessee may pay or tender as royalty One Dollar (\$1.00) per year per net mineral acre retained hereunder, and if such payment or tender is made it will be considered that gas is being produced within the meaning of the preceding paragraph.
 - This lease may be maintained during the primary term hereof without further payment or drilling operations. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years first mentioned.
 - If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided for shall be paid to lessor only in the proportion which lessor's interest bears to the whole and undivided fee.

Exhibit "A"
OIL AND GAS LEASE ADDENDUM

AGREEMENT, made and entered into this 4th day of November, 2015, by and between Hineman Ranch, LLC By Donald J. Hineman, Manager whose mailing address is 116 S. Longhorn Rd. Dighton, KS 67839, hereinafter called lessor (whether one or more), and Raymond Oil Company, Inc., PO Box 48788, Wichita, KS 67201, hereinafter called lessee.

The provisions included in this addendum are meant to be an integral part of the oil and gas lease. In instances where said provisions are contradictory to other provisions contained in the basic lease, provisions contained in this addendum shall take precedence and shall be considered to have replaced those provisions contained in the basic lease.

1. Lessor reserves the right to approve the location of all lease roads; however such approval shall not be unreasonably withheld. Lessee shall consult and secure approval from Lessors for the location of all above ground equipment and developments, including but not limited to tank batteries, compressor equipment, and oil head lines located on the leased premises; however, such approval shall not be unreasonably withheld. Lessee agrees that all utility lines such as oil/gas lines, electricity, etc., will be buried a minimum of thirty (30) inches below plow depth.
2. Lessee will pay damages caused by its operations to growing crops, grassland being considered a growing crop at any time of the year, notwithstanding the time of year the damage to pasture is done.
3. Lessee shall pay Lessors damages at a rate mutually agreeable for all damages caused by drilling operations, temporary lease roads, oil lines, and all other operations performed by Lessee, its agents, assigns, or employees.
4. All lease roads will be maintained in a good and workable condition at all times by Lessee. Lessor reserves the right to designate all routes of ingress and egress. There shall be no oil road surfaces or hard surfacing of any access roads without the written consent of Lessor.
5. If at any time oil or salt water or chemicals used in the production of oil shall flood over any grounds other than the immediate oil well site or tank battery site, damages will be paid by Lessee to Lessor at a mutually agreeable rate for each and every occurrence.
6. Lessee agrees that his free use of water from said land is limited to the use of water for drilling operations only. In particular, use of water for secondary recovery operations is not granted by this agreement. Lessee further agrees that salt-water disposal in dry wells on this land is not covered by this agreement, and such salt-water disposal is prohibited unless written consent is obtained from the Lessor and the Lessor receives compensation.
7. When Lessee digs pits for use during drilling operations, all black dirt (topsoil) will be piled separately. When said pit is filled and leveled in the event of a dry hole or abandonment, the black dirt shall be used as a top covering. Mud and reserve pits will be filled and leveled to restore the area as nearly as practical to its original condition within 45 days after Lessors give written notice to Lessee, and the expense thereof shall be borne by Lessee. In no event shall the mud and reserve pits be filled and leveled before they have had sufficient time to evaporate and dry. In the event there is an abandonment of said lease, the Lessee shall fill all pits and ponds, remove all structures and reasonably restore the premises to their original condition as nearly as possible.
8. Upon request by Lessor, Lessee shall erect and keep maintained permanent type fencing around any wells, tank batteries, or other oil production equipment, which Lessor desires to have fenced.
9. Lessee shall reimburse lessor for all livestock killed or poisoned by oil or chemicals or injured by equipment or by vehicles used in operating and maintaining this lease. Reimbursement shall be at the fair market value of said livestock (recognizing that registered or breeding stock is valued higher than slaughter animals), plus the sum of \$100 per animal for trouble and inconvenience to Lessor, and such payment shall be made within 30 days after notice by Lessor to Lessee. Lessee shall have the right to have livestock examined by a licensed veterinarian, and Lessor shall notify Lessee before disposing of any livestock so injured.

Notwithstanding any provisions of the oil and gas lease, or this Addendum to said oil and gas lease, to the contrary, Lessee shall be liable and responsible unto Lessor for all damages suffered by Lessor proximately caused by Lessee's (its successors, agents or assigns) use, occupancy, possession and enjoyment of said premises, including, but not limited to water contamination, surface or sub-surface.

This lease and Addendum to said lease and all of its terms, conditions and stipulations shall extend to and be binding upon the heirs, devisees, executors, administrators, personal representatives, assigns and successors of the parties hereto.

Donald J. Hineman
