IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

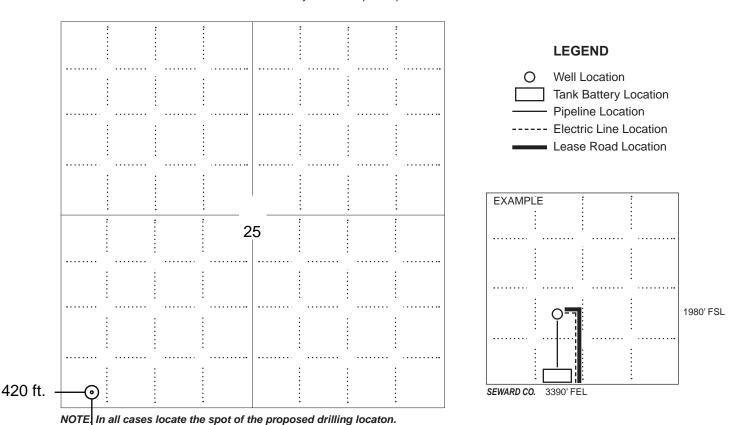

In all cases, please fully complete this side of the form. Include items 1 through 5 at the bottom of this page.

Operator:	Location of Well: County:
Lease:	feet from N / S Line of Section feet from E / W Line of Section
Well Number:	feet from E / W Line of Section
Field:	Sec Twp S. R
Number of Acres attributable to well:	Is Section: Regular or Irregular
	If Section is Irregular, locate well from nearest corner boundary. Section corner used: NE NW SE SW

PLAT

Show location of the well. Show footage to the nearest lease or unit boundary line. Show the predicted locations of lease roads, tank batteries, pipelines and electrical lines, as required by the Kansas Surface Owner Notice Act (House Bill 2032).

You may attach a separate plat if desired.

215 ft.

In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
- 5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

Kansas Revised 4-26-12

PAID UP OIL AND GAS LEASE

* 2 - 0 2 6 0 8 3 * state of ks Lyon co

VICTORIA LOPEZ, REGISTER OF DEEDS

REC FEE: \$16.00 07/20/2012 12:08:18PM

REC FEE: \$16.00 07/20/2012

This Oil and Gas Lease (the "Lease"), dated June 25th, 2012, is by and between: J.J. Nielsen and Helen Nielsen, husband and wife, 3222 Road F, Allen, Kansas 66833 (whether one or more "Lessor") and James C Karo Associates, 1750 Lafayette Street, Denver, Colorado 80218 ("Lessec").

For and in consideration of Ten Dollars, Lessee's agreements contained in this Lease, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, Lessor and Lessee hereby agree as follows:

1. Lessor has granted, demised, leased and let and hereby does grant, demise, lease and let unto Lessee, the lands described below, with any reversionary rights therein (the "Lands"), for the sole and exclusive right to explore by geophysical and other methods, for (without limitation) drilling, completing and operating for oil (including but not limited to distillate and condensate), gas (including casinghead gas and helium and all other constituents), and, for laying pipelines, building drill sites, access roads, tanks, power stations and structures thereon, to produce, save and take care of said products, all of the "Lands" described as follows:

Township 16 South, Range 10 East, 6th P. M. Section 25: S/2SW/4

See Exhibit "A" attached hereto and made a part hereof.

all located in Lyon County Kansas, containing 80.00 acres, more or less (the "Lands" or "Leases Premises").

- Lessor intends to lease and Lessor does hereby lease, all of the lands or interests in lands presently owned by Lessor or any lands owned in
 the future by Lessor which may adjoin the Lands which lie in the section herein specified, whether or not completely and accurately described,
 together with and including any accretions or riparian rights appurtenant thereto.
- Lessor and Lessee agree that the Lease shall remain in force for a term of Five (5) years, (herein after called Primary Term) and so long thereafter as oil or gas, or either of them, is produced from said land or lands pooled therewith.
- As part of the consideration for the Lease, Lessee covenants and agrees:

to terminate this Lease.

- A. To deliver to the credit of Lessor free of cost, in the pipeline to which it may connect its wells, a 1/8 (12.5%) part of all oil (including but not limited to condensate and distillate) produced and saved from the Lands.
- B. To pay Lessor for gas (including casinghead gas) and all other substances covered hereby, a royalty of 1/8 (12.5%) of the proceeds realized by Lessee from the sale thereof less a proportionate part of the production, severance and other excise taxes, said payments to be made monthly.

 C. During any period after expiration of the Primary Term when gas or oil is not being sold or used and the well or wells are shut-in
- C. During any period after expiration of the Primary Term when gas or oil is not being sold or used and the well or wells are shut-in and there is no current production of gas or oil or operations on the Lands (or lands pooled or unitized therewith), sufficient to keep this Lease in force (to include any mechanical failures making either gas or oil unable to produce in paying quantities), Lessee shall pay or tender to Lessor as a shut-in royalty One Dollar (\$1.00) per year per net mineral acre retained under this Lease ("Shut-in Royalty"). Payment of the Shut-in Royalty shall be made on or before the anniversary date of this Lease next ensuing after the expiration of 90 days from the date such well is shut-in and thereafter on or before the anniversary date of this Lease, during the period such well is shut-in. When Lessee pays the Shut-in-Royalty, it will be considered that gas or oil is being produced on the Lease within the meaning of the entire Lease. Lessee's failure to properly pay Shut-in Royalty shall render Lessee liable for the amount due, but shall not operate
- 5. At the expiration of the Primary Term, if there is no production in paying quantities on the Lands or on lands pooled therewith, but Lessee is conducting operations for drilling, completing or reworking a well, this Lease nevertheless shall continue as long as such operations are prosecuted with reasonable diligence and dispatch or additional operations are commenced and prosecuted (whether on the same or successive wells) with no cessation of more than 90 days, and if production is discovered, this Lease shall continue as long thereafter as oil or gas are produced. In addition, if at any time or times after the Primary Term, there is a total cessation of all production from the Lands for any cause (other than force majeure), this Lease shall not terminate if Lessee commences or resumes any drilling or reworking operations or production within 90 days after such cessation. Drilling or reworking operations shall be deemed to be commenced when the first material is placed on the Lands or when the first work, other than surveying or staking the location, is done on the Lands that is necessary for such operations. However, this term may be extended an additional 90 days, if Lessee has been unable to secure the goods or services necessary to conduct operations on the Lease, such goods and services to include, without limitation, drilling, completion or recompletion services, crews, equipment, water supply resources, water disposal resources, water supply or disposal infrastructure, regulatory approvals, third-party approvals, any additional Lessor required approvals.
- 6. Lessor hereby grants Lessee the right at any time and from time to time to pool or unitize the Lands or any portion or portions of the Lands as to all strata or any stratum or strata, with any other lands as to all strata or any stratum or strata, for the production primarily of oil or primarily of gas, with or without distillate. Lessee may also amend or modify the size of such a "Unit," at its' sole discretion, at any time and from time to time while this Lease is in force and effect. The creation of a Unit by such pooling shall be based on the following criteria (hereinafter called "pooling criteria"): A unit for an oil well (other than a horizontal completion) shall not exceed 320 acres plus a maximum acreage tolerance of 10%, and a unit for a gas well not to exceed 640 acres plus a maximum acreage tolerance of 10%. For horizontal wells or either oil, gas or both, Lessee may establish units not to exceed 1,280 acres plus a maximum acreage tolerance of 10%; provided however, that Lessee may form larger units to conform to any well spacing or density pattern that may be prescribed or permitted by applicable government authority. For the purpose of the foregoing, the terms "oil well" and "gas well" shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, "oil well" means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and "gas well" means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term "horizontal completion" or "horizontal well" means a well in which the horizontal component of the gross completion interval. Lessee shall file written unit designations in the county in which the Lands are located unless the pooling or unitization results from governmental order or rule, in which case no such written desig
- 7. If said Lessor owns a less interest in the Lands than the entire and undivided fee simple estate, then the royalties herein provided shall be paid to the Lessor only in the proportion which his interest in the Lands bears to the whole and undivided fee interest in the Lands.
- paid to the Lessor only in the proportion which his interest in the Lands of the whole Lands for its operations, except water from water wells

 Lessee shall have the right to use, free of cost, gas, oil and water produced on the Lands for its operations, except water from water wells
- drilled and used by Lessor.

 Lessee shall have the right at any time to remove all machinery and fixtures placed on the Lands, including the right to draw and remove
- casing.

 10. Lessor and Lessee may assign its interest in this Lease in whole or in part, the terms of the Lease shall be binding upon and extend to their respective heirs, executors, administrators, successors or assigns. If Lessor assigns its interest in the Lease or Lands, no change or division in

ownership of the Lands or royalties shall enlarge the obligations or diminish the rights of Lessee. No change in the ownership of the Land or royalties shall be binding on the Lessee until after the Lessee has been furnished with a true copy of the assignment or transfer, recorded in the county in which the Lands are located. If Lessee assigns this Lease, in whole or in part, the assignee of Lessee's interest shall assume all of Lessee's obligations under the Lease, and Lessee shall be relieved of all obligations with respect to the assigned portion or portions arising

subsequent to the date of assignment.

If at any time within the Primary Term of this Lease or any continuation thereof, Lessor receives a bona fide offer to grant an additional 11. If at any time within the Frimary term of this Lease of any commonator dieter, Lesson receives a botal free order to grant an additional lease ("Top Lease") to a third party ("Third Party Lessee") covering all or part of the Lands that is acceptable to Lessor, Lessee shall have the option to acquire such Top Lease by neeting the terms offered by the Third Party Lessee. Any offer to top lease by the Third Party Lessee must be in writing and must set forth in detail the material terms of the Top Lease, including without limitation, the proposed lease term, bonus consideration, royalty, and shall include a copy of the lease form to be utilized ("Offer to Top Lease"). Lessor shall forward the "Offer to Top Lease" to Lessee as soon as it is received, and Lessor agrees not to sign the Top Lease unless and until it has offered Lessee the option to meet the Offer to Top Lease. Lessor shall have 15 days after receipt from Lessor of the Offer to Top Lease to advise Lessor in writing of its election to enter into an oil and gas lease with Lessor on equivalent terms and conditions as set forth in the Top Lease. If Lessee elects not to meet the term of the Offer to Top Lease, or if Lessee fails to notify Lessor within the 15 day period of its election to meet the terms of the Offer to Top Lease, Lessor may accept the terms of the Offer to Top Lease. Any top lease granted by Lessor in violation of this provision shall be null and void.

12. All express or implied covenants of this Lease shall be subject to all Federal and State Laws, Executive Orders, Rules and Regulations, and this Lease shall not be terminated, in whole or in part, nor Lessee held liable in damages, for failure to comply therewith, if compliance is

prevented by, or such failure is the result of any such Law, Order, Rule or Regulation, or operation of force majeure.

Lessee may at any time and from time to time surrender this Lease as to any part or parts of the Lands by delivering or mailing a release thereof to Lessor, or by placing a release of record in the proper County.

Notwithstanding anything to the contrary contained in this Lease, no litigation shall be initiated by Lessor for damages, forfeiture, termination or cancellation with respect to any breach or default by Lessee hereunder, for a period of at least 90 days after Lessor has given Lessee written notice fully describing the breach or default, and then only if Lessee fails to remedy the breach or default within such period. If the matter is litigated and there is final judicial determination that a breach or default has occurred, the Lessee shall be required and obligated to specifically comply with the judicial determination including but not limited to the removal of its equipment and restoration of the Lands in accordance with applicable rules and regulations.

15. Lessor hereby warrants and agrees to defend the title to the Lands. In the event of default of payment by Lessor, Lessor agrees that the Lessee shall have the right at any time to redeem for Lessor by payment, any mortgages, taxes or other liens on the Lands, and thereafter, be subrogated to the rights of the holder thereof, and the Lessor, for themselves and their heirs, successors and assigns. Lessor hereby surrenders and releases all right of dower and homestead in the Lands, insofar as said right of dower and homestead may in any way affect the purposes for

which this Lease is made.

Lessee shall have the exclusive right to explore the Lands by geological, geophysical or other methods, whether similar to those herein specified or not and whether now known or not, including the drilling of holes, use of torsion balance, seismograph explosions, magnetometer, or other geophysical or geological instruments, tests or procedures, for the purpose of securing geological and geophysical information. All other geophysical or geological instruments, tests or procedures, for the purpose of securing geological and geophysical information. An information obtained by Lessee as a result of the activity shall be the exclusive property of Lessee, and Lessee may disseminate or sell such information without Lessor's consent. Lessor and Lessee herein agree that a portion of the consideration paid herein is for advance payment of usual and customary damages associated with seismograph operations (i.e., tire tracks in the wheat, pasture or fields, road use, etc.). If any extraordinary damages occur, Lessor (or its tenant, if Lessor has a tenant) will be compensated accordingly, or at Lessee's discretion Lessee may elect to repair the damages in lieu of compensation.

If this Lease is not otherwise continued in force at the end of the Primary Term, Lessor and Lessee hereby agree that Lessee shall have the exclusive option to extend the Primary Term of this Lease for an additional Five (5) years by tendering to Lessor a payment equal to the same per acre bonus paid to Lessor, such tender to be made on or before the expiration of the Primary Term. Payment shall be deemed made upon Lessee's tendering of such payment by certified mail to Lessor at Lessor's address shown on this Lease, on or before the expiration of the

Primary Term. Lessee may or may not exercise this option to extend the Primary Term in its sole discretion.

IN TESTIMONY WHEREOF, we sign this the 26th day of June, 2012.

VICTORIA LOPEZ, REGISTER OF DEEDS REC FEE: \$16.00 08/07/2012 11:07:42AM

PAID UP OIL AND GAS LEASE

IThis Oil and Gas Lease (the "Lease"), dated July 14th, 2012, is by and between: Steven H. Dorcas and Kathleen A. Dorcas, husband and wife, 613 Road 320, Allen, Kansas 66833 (whether one or more "Lessor") and James C Karo Associates, Lafayette Street, Denver, Colorado 80218 ("Lessee")

For and in consideration of Ten Dollars, Lessee's agreements contained in this Lease, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, Lessor and Lessee hereby agree as follows:

Lessor has granted, demised, leased and let and hereby does grant, demise, lease and let unto Lessee, the lands described below, with any reversionary rights therein (the "Lands"), for the sole and exclusive right to explore by geophysical and other methods, for (without limitation) drilling, completing and operating for oil (including but not limited to distillate and condensate), gas (including casinghead gas and helium and all other constituents), and, for laying pipelines, building drill sites, access roads, tanks, power stations and structures thereon, to produce, save and take care of said products, all of the "Lands" described as follows:

> Township 16 South, Range 10 East, 6th P. M. Section 36: N/2NW/4NW/4

See Exhibit "A" attached hereto and made a part

all located in Lyon County Kansas, containing 20.00 acres, more or less (the "Lands" or "Leases Premises").

- Lessor intends to lease and Lessor does hereby lease, all of the lands or interests in lands presently owned by Lessor or any lands owned in the future by Lessor which may adjoin the Lands which lie in the section herein specified, whether or not completely and accurately described, together with and including any accretions or riparian rights appurtenant thereto.
- Lessor and Lessee agree that the Lease shall remain in force for a term of Five (5) years, (herein after called Primary Term) and so long thereafter as oil or gas, or either of them, is produced from said land or lands pooled therewith.
- As part of the consideration for the Lease, Lessee covenants and agrees:
 - To deliver to the credit of Lessor free of cost, in the pipeline to which it may connect its wells, a 1/8 (12.5%) part of all oil (including but not limited to condensate and distillate) produced and saved from the Lands.
 - To pay Lessor for gas (including casinghead gas) and all other substances covered hereby, a royalty of 1/8 (12.5%) of the
 - proceeds realized by Lessee from the sale thereof less a proportionate part of the production, severance and other excise taxes, said payments to be made monthly.
 - During any period after expiration of the Primary Term when gas or oil is not being sold or used and the well or wells are shut-in and there is no current production of gas or oil or operations on the Lands (or lands pooled or unitized therewith), sufficient to keep this Lease in force (to include any mechanical failures making either gas or oil unable to produce in paying quantities), Lessee shall pay or render to Lessor as a shut-in royalty One Dollar (\$1.00) per year per net mineral acre retained under this Lease ("Shut-in Royalty")

 Payment of the Shut-in Royalty shall be made on or before the anniversary date of this Lease next ensuing after the expiration of 90 days from the date such well is shut-in and thereafter on or before the anniversary date of this Lease, during the period such well is shut-in. When Lessee pays the Shut-in-Royalty, it will be considered that gas or oil is being produced on the Lease within the meaning of the entire Lease. Lessee's failure to properly pay Shut-in Royalty shall render Lessee liable for the amount due, but shall not operate to terminate this Lease.
- At the expiration of the Primary Term, if there is no production in paying quantities on the Lands or on lands pooled therewith, but Lessee is conducting operations for drilling, completing or reworking a well, this Lease nevertheless shall continue as long as such operations are prosecuted with reasonable diligence and dispatch or additional operations are commenced and prosecuted (whether on the same or successive wells) with no cessation of more than 90 days, and if production is discovered, this Lease shall continue as long thereafter as oil or gas are produced. In addition, if at any time or times after the Primary Term, there is a total cessation of all production from the Lands for any cause (other than force majeure), this Lease shall not terminate if Lessee commences or resumes any drilling or reworking operations or production within 90 days after such cessation. Drilling or reworking operations shall be deemed to be commenced when the first material is placed on the Lands or when the first work, other than surveying or staking the location, is done on the Lands that is necessary for such operations. However, this term may be extended an additional 90 days, if Lessee has been unable to secure the goods or services necessary to conduct operations on the Lease, such goods and services to include, without limitation, drilling, completion or recompletion services, crews, equipment, water supply resources, water disposal resources, water supply or disposal infrastructure, regulatory approvals, third-party approvals, any additional Lesson required approvals.
- Lessor hereby grants Lessee the right at any time and from time to time to pool or unitize the Lands or any portion or portions of the Lands as to all strata or any stratum or strata, with any other lands as to all strata or any stratum or strata, for the production primarily of oil or primarily of gas, with or without distillate. Lessee may also amend or modify the size of such a "Unit," at its' sole discretion, at any time and from time to time while this Lease is in force and effect. The creation of a Unit by such pooling shall be based on the following criteria (hereinafter called "pooling criteria"): A unit for an oil well (other than a horizontal completion) shall not exceed 320 acres plus a maximum acreage tolerance of 10%, and a unit for a gas well not to exceed 640 acres plus a maximum acreage tolerance of 10%. For horizontal wells or either oil, gas or both, Lessee may establish units not to exceed 1,280 acres plus a maximum acreage tolerance of 10%; provided however, that Lessee may form larger units to conform to any well spacing or density pattern that may be prescribed or permitted by applicable government authority. For the purpose of the foregoing, the terms "oil well" and "gas well" shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, "oil well" means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and "gas well" means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term "horizontal completion" or "horizontal well" means a well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component of the gross completion interval. Lessee shall file written unit designations in the country in which the Lands are located unless the pooling or unitization results from governmental order or rule, in which case no such written designation shall be required. Operations on and production from the Unit shall be treated as if such operations were upon or such production were from the Lands whether or not the well or wells are located on the Lands. The entire acreage within a unit shall be treated for all purposes as if it were covered by and included in this Lease except that the royalty on production from the unit shall be as below provided, and except that in calculating the amount of any shut-in gas royalties, only the part of the acreage originally leased and then actually embraced by this Lease shall be counted. With respect to production from the Unit, Lessee shall pay Lessor, in lieu of other royalties thereon, only such production of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein on an acreage basis bears to the total acreage in the unit.
- If said Lessor owns a less interest in the Lands than the entire and undivided fee simple estate, then the royalties herein provided shall be paid to the Lessor only in the proportion which his interest in the Lands bears to the whole and undivided fee interest in the Lands
- Lessee shall have the right to use, free of cost, gas, oil and water produced on the Lands for its operations, except water from water wells drilled and used by Lessor.
- Lessee shall have the right at any time to remove all machinery and fixtures placed on the Lands, including the right to draw and remove
- casing.

 10. Lessor and Lessee may assign its interest in this Lease in whole or in part, the terms of the Lease shall be binding upon and extend to their lessor and Lessee may assign its interest in the Lease or Lands, no change or division in respective heirs, executors, administrators, successors or assigns. If Lessor assigns its interest in the Lease or Lands, no change or division in ownership of the Lands or royalties shall enlarge the obligations or diminish the rights of Lessee. No change in the ownership of the Land or

royalties shall be binding on the Lessee until after the Lessee has been furnished with a true copy of the assignment or transfer, recorded in the county in which the Lands are located. If Lessee assigns this Lease, in whole or in part, the assignee of Lessee's interest shall assume all of Lessee's obligations under the Lease, and Lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

- If at any time within the Primary Term of this Lease or any continuation thereof, Lessor receives a bona fide offer to grant an additional lease ("Top Lease") to a third party ("Third Party Lessee") covering all or part of the Lands that is acceptable to Lessor, Lessee shall have the option to acquire such Top Lease by meeting the terms offered by the Third Party Lessee. Any offer to top lease by the Third Party Lessee must be in writing and must set forth in detail the material terms of the Top Lease, including without limitation, the proposed lease term, bonus consideration, royally, and shall include a copy of the lease form to be utilized ("Offer to Top Lease"). Lessor shall forward the "Offer to Top Lease" to Lessee as soon as it is received, and Lessor agrees not to sign the Top Lease unless and until it has offered Lessee the option to meet the Offer to Top Lease. Lessee shall have 15 days after receipt from Lessor of the Offer to Top Lease to advise Lessor in writing of its election to enter into an oil and gas lease with Lessor on equivalent terms and conditions as set forth in the Top Lease. If Lessee elects not to meet the term of the Offer to Top Lease, or if Lessee fails to notify Lessor within the 15 day period of its election to meet the terms of the Offer to Top Lease,
- Lessor may accept the terms of the Offer to Top Lease. Any top lease granted by Lessor in violation of this provision shall be null and void.

 12. All express or implied covenants of this Lease shall be subject to all Federal and State Laws, Executive Orders, Rules and Regulations, and this Lease shall not be terminated, in whole or in part, nor Lessee held liable in damages, for failure to comply therewith, if compliance is prevented by, or such failure is the result of any such Law, Order, Rule or Regulation, or operation of force majeure
- Lessee may at any time and from time to time surrender this Lease as to any part or parts of the Lands by delivering or mailing a release
- thereof to Lessor, or by placing a release of record in the proper County.

 14. Notwithstanding anything to the contrary contained in this Lease, no litigation shall be initiated by Lessor for damages, forfeiture, termination or cancellation with respect to any breach or default by Lessee hereunder, for a period of at least 90 days after Lessor has given Lessee written notice fully describing the breach or default, and then only if Lessee fails to remedy the breach or default within such period. If the matter is litigated and there is final judicial determination that a breach or default has occurred, the Lessee shall be required and obligated to specifically comply with the judicial determination including but not limited to the removal of its equipment and restoration of the Lands in accordance with applicable rules and regulations.
- 15. Lessor hereby warrants and agrees to defend the title to the Lands. In the event of default of payment by Lessor, Lessor agrees that the Lessee shall have the right at any time to redeem for Lessor by payment, any mortgages, taxes or other liens on the Lands, and thereafter, be subrogated to the rights of the holder thereof, and the Lessor, for themselves and their heirs, successors and assigns. Lessor hereby surrenders and releases all right of dower and homestead in the Lands, insofar as said right of dower and homestead may in any way affect the purposes for which this Lease is made.
- Lessee shall have the exclusive right to explore the Lands by geological, geophysical or other methods, whether similar to those herein specified or not and whether now known or not, including the drilling of holes, use of torsion balance, seismograph explosions, magnetometer, or other geophysical or geological instruments, tests or procedures, for the purpose of securing geological and geophysical information. All information obtained by Lessee as a result of the activity shall be the exclusive property of Lessee, and Lessee may disseminate or sell such information without Lessor's consent. Lessor and Lessee herein agree that a portion of the consideration paid herein is for advance payment of usual and customary damages associated with seismograph operations (i.e., the tracks in the wheat, pasture or fields, road use, etc.). If any extraordinary damages occur, Lessor (or its tenant, if Lessor has a tenant) will be compensated accordingly, or at Lessee's discretion Lessee may elect to repair the damages in lieu of compensation.
- If this Lease is not otherwise continued in force at the end of the Primary Term, Lessor and Lessee hereby agree that Lessee shall have the exclusive option to extend the Primary Term of this Lease for an additional Five (5) years by landering to Lessor a payment equal to the same per acre bonus paid to Lessor, such tender to be made on or before the expiration of the Primary Term. Payment shall be deemed made upon Lessee's tendering of such payment by certified mail to Lessor at Lessor's address shown on this Lease, on or before the expiration of the Primary Term. Lessee may or may not exercise this option to extend the Primary Term its sole discretion. 18th
