AGREEMENT, Made and entered into this 2nd day of February, 2018, by and between LOREN STEINFORTH, Party of the first part, hereinafter called Lessor, and MORMEG, LLC, Party of the second part, hereinafter called Lessee.

WITNESSETH, That the said Lessor, for and in consideration of TEN DOLLARS (\$10.00), cash in hand paid, receipt of which is hereby acknowledged, and of the covenants and agreements hereinafter contained on the part of the Lessee to be paid, kept and performed, has granted, demised, leased and let and by these presents does grant, demise, lease and let exclusively unto said Lessee, for the purpose of investigating, exploring by geophysical and other means, prospecting, drilling, mining and operating for and producing oil, liquid hydrocarbons, all gases, and their respective constituent products together with any other liquid, gas or solid substance; injecting gas, waters, other fluids, and air into subsurface strata; laying pipe lines, storing oil, building tanks, power stations, roadways, and other structures and things thereon to produce, save, take care of, treat, process, store, transport and market said oil, liquid hydrocarbons, gases, and their respective constituent products, the following described land together with any reversionary rights and after acquired interest therein, situated in the County of Woodson and State of Kansas, described as follows, to-wit:

The Southwest Quarter (SW/4) of Section 19, Township 26S, Range 15E, Woodson County, Kansas.

Provided that all pipelines and electric lines shall be buried below plow depth on any land that is tilled unless rock or other obstructions prevent said lines being buried.

1. It is agreed that this lease shall remain in full force for a primary term of five year(s) from this date, and as long thereafter as oil, gas or any substance covered by this lease of whatsoever nature or kind is produced from said leased premises, or drilling operations are continued as hereinafter provided. If, at the expiration of the primary term of this lease, oil or gas is not being produced on the leased premises but Lessee is then engaged in drilling or reworking operations thereon, then this lease shall continue in force so long as operations are being continuously prosecuted on the leased premises; and operations shall be considered to be continuously prosecuted if not more than ninety (90) days shall elapse between the completion or abandonment of one well and the beginning of operations for the drilling of a subsequent well. If after discovered of oil or gas on said land, the production thereof should permanently cease from any cause after the primary term, this lease shall not terminate if Lessee commences additional drilling or re-working operations within ninety (90) days from date of cessation of production or from date of completion of dry hole. If oil or gas or other products covered by this lease shall be discovered and produced as a result of such operations at or after the expiration of the primary term

term of this lease, this lease shall continue in force so long as oil or gas is produced from the leased premises.

2. In consideration of the premises the said Lessee covenants and agrees:

 1^{st} . To deliver to the credit of Lessor, free of cost, in the pipeline to which Lessee may connect wells, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises.

 2^{nd} . To pay Lessor one-eighth (1/8) of the net proceeds at the well from proceeds received for gas sold from each well where gas only is found, or the market value at the well of such gas used off the premises.

 3^{rd} . To pay Lessor one-eighth (1/8) of the market value at the well for gas produced from any oil well and used off the premises, or for the manufacture of casing-head gasoline or dry commercial gas.

4th. To pay Lessor on-eighth (1/8) of the proceeds received from the sale of any substance covered by this lease, other than oil and gas and the products thereof, which Lessee may elect to produce, save and market from the leased premises.

5th. Lessor to have gas free of charge from any gas well on the leased premises at Lessor's risk and expense for making connections with the well, and consistent with Lessee's reasonable safety standards, for use in Lessor's stoves, water heaters and heating of Lessor's principal dwelling on the leased premises. If Lessor shall use gas from any gas well, Lessor shall save, hold harmless, defend and indemnify Lessee from any claim asserted against Lessee arising out of or in connection with Lessor's use of such gas, and for any act or omission by Lessor, and further releases Lessee from any claims for use of such gas notwithstanding that such gas has not been treated with an "odor" agent.

3. If said Lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties and rentals herein provided shall be paid the Lessor only in the proportion which his interest bears to the whole and undivided fee. However, such rental shall be increased at the next succeeding rental anniversary after any reversion occurs to cover the interest so acquired. Should any one or more of the parties hereinabove named as Lessor, or otherwise found to have an interest in the subject property, fail to execute this lease, it shall nevertheless be binding upon all such parties who do execute it as Lessor. The word "Lessor", as used in this lease, shall mean any one or more or all of the parties who execute this lease as Lessor. All the provisions of this lease shall be binding on the heirs, successors and assigns of Lessor and Lessee.

4. If any well capable of producing Leased Substances, including a well drilled and waiting on completion and hook-up, whether or not in paying quantities, located on said land, is at any time shut in and production therefrom is not sold or used on or off the leased premises, nevertheless such shut-in well shall be considered a well producing Leased Substances and this lease will continue in force while such well is shut in, notwithstanding expiration of the primary

Book: S98 Page: 316

term. In lieu of any implied covenant to market, Lessee expressly agrees to market oil and/or gas produced from Lessee's well located on said lands, but Lessee does not covenant or agree to reinject or recycle gas, to market such oil and/or gas under terms, conditions or circumstances which in Lessee's judgment are uneconomic or otherwise unsatisfactory or to bear more than Lessee's revenue interest share of the cost and expense incurred to make the production marketable. If all wells on said land are shut in, then within 60 days after expiration of each period of one year in length (annual period) during which all such wells are shut in, Lessee shall be obligated to pay or tender to Lessor at above address via U.S. Mail on or before said date, as royalty, the sum of \$5.00 multiplied by the number of acres subject to this lease, provided, however, that if production from a well or wells located on the leased premises is sold or used on or off the premises before the end of any such period, or if this lease is otherwise being maintained by operations, or if at the end of any such annual period this lease is being maintained in force and effect other than solely by reason of the shut-in well(s), Lessee shall not be obligated to pay or tender said sum of money for that annual period. Lessee's failure to properly pay shut in royalty shall render Lessee liable for the amount due, but shall not operate to terminate this lease.

5. Lessee shall have the right to use, free of cost, gas, oil and water produced on said land for Lessee's operation thereon, except water from the wells of Lessor. When requested by Lessor, Lessee shall bury Lessee's pipe line below plow depth. No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of Lessor. Lessee shall pay for damages caused by Lessee's operations to growing crops on said land. Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

6. If the estate of either party hereto is assigned, and the privilege of assigning in whole or in part is expressly allowed, the covenants hereof shall extend to their heirs, executors, administrators, successors or assigns, but no change in the ownership of the land or assignment of rentals or royalties shall be binding on the Lessee until after the Lessee has been furnished with a written transfer or assignment or a true copy thereof; and it is hereby agreed in the event this lease shall be assigned as to a part or as to parts of the above described lands and the assignee or assignees of such part or parts shall fail or make default in the payment of the proportionate part of the rents due from him or them on an acreage basis, such default shall not operate to defeat or affect this lease in so far as it covers a part or parts of said lands upon which the said Lessee or any assignee thereof shall make due payments of said rentals. If the leased premises are now or hereafter owned in severalty or in separate tracts, the premises, nevertheless, may be developed and operated as an entirety, and the royalties shall be paid to each separate owner in the proportion that the acreage owned by him bears to the entire leased area. There shall be no obligation on the part of the Lessee to offset wells on separate tracts into which the land covered by this lease is now or may hereafter be divided by sale, devise, or otherwise, or to furnish separate measuring or receiving tanks for the oil produced from such separate tracts.

7. Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the Lessee shall have the right at any time to redeem from Lessor by payment, any mortgages, taxes or other liens on the above described lands, in the event of default of payment by Lessor, and be subrogated to the rights of the holder thereof.

8. If Lessor considers that Lessee has not complied with all its obligations hereunder, both express and implied, Lessor shall give written notice to Lessee specifically describing Lessee's non-compliance. Lessee shall have ninety (90) days from receipt of such notice to commence, and shall thereafter pursue with reasonable diligence, such action as may be necessary or proper to satisfy such obligation of Lessee, if any, with respect to Lessor's notice. Neither the service of said notice nor the doing of any acts by lessee in response thereto shall be deemed an admission or create a presumption that Lessee has failed to perform all its obligations hereunder. Lessor may not commence any judicial action for forfeiture of this lease or for damages until after said 90-day period. Lessee shall be given a reasonable opportunity after a final court determination to prevent forfeiture by discharging its express or implied obligation as established by the court.

9. All express or implied covenants of this lease shall be subject to all Federal and State Laws, Executive Orders, Rules or Regulations, and this lease shall not be terminated, in whole or in part, nor Lessee held liable in damages, for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such Law, Order, Rule or Regulation. Lessee shall further be excused from compliance with the express or implied covenants of this lease if performance becomes impossible or impracticable as a result of an event or effect that the parties hereto could not have anticipated or controlled under the legally accepted principal of force majeure.

10. Lessee agrees that upon the termination of this lease to plug all wells in compliance with Kansas Corporation Commission requirements, and to restore the surface estate to an acceptable condition.

Whereof witness our hands as of the day and year first above written.
