Re: Workover Pit Application  
TOBIAS LEASE 8  
Sec.25-20S-09W  
Rice County, Kansas

Dear Dennis Kirmer:

District staff has inspected the location and has determined that an unsealed condition will present a pollution threat to water resources.

District staff has recommended that the Workover pit be lined. If a plastic liner is to be used it must have a minimum thickness of 10 mil. Integrity of the liner must be maintained at all times.

**NO completion fluids or non-exempt wastes shall be placed in the Workover pit.**

The free fluids in the Workover pit should be removed as soon as practical after drilling operations have ceased. The fluids should be taken to an authorized disposal well. Please call the District Office at (316) 337-7400 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

If you have any questions or concerns please feel free to contact the District Office at (316) 337-7400.

## Summary of Changes

Lease Name and Number: TOBIAS LEASE 8

API/Permit #: 15-159-02674-00-00

Doc ID: 1414408

Correction Number: 1

Field Name	Previous Value	New Value
Abandonment Procedure	Evaporation of fluids. Pit back filled to original grade.	Removal of free fluids. Pit back filled to original grade.
KCC Only - Lease Inspection	Yes	No
