AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office **prior** to spudding of well;
2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

Is Section:  Regular or  Irregular

**If Section is Irregular, locate well from nearest corner boundary.**

Section corner used:  NE  NW  SE  SW

**PLAT**

Show location of the well. Show footage to the nearest lease or unit boundary line. Show the predicted locations of lease roads, tank batteries, pipelines and electrical lines, as required by the Kansas Surface Owner Notice Act (House Bill 2032). You may attach a separate plat if desired.

**LEGEND**

- Well Location
- Tank Battery Location
- Pipeline Location
- Electric Line Location
- Lease Road Location

**NOTE: In all cases locate the spot of the proposed drilling locaton.**

**In plotting the proposed location of the well, you must show:**

1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
3. The distance to the nearest lease or unit boundary line (in footage).
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

## DECLARATION OF POOLING

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, JASPAR Co. ("JASPAR") is the owner of the following described Oil and Gas Leases located in Rooks County, Kansas:

- |     |                    |  |
|-----|--------------------|--|
| (1) | Lessors:           | David Reed and Karen Reed, his wife      |
|     | Lessee:            | JASPAR Co.                               |
|     | Date:              | May 1, 2017                              |
|     | Recorded:          | Book 486, Page 313                       |
|     | Legal Description: | N/2 NE/4 of 15-7-19 Rooks County, Kansas |
| (2) | Lessors:           | Shirley Reed, a widow                    |
|     | Lessee:            | JASPAR Co.                               |
|     | Date:              | December 1, 2017                         |
|     | Recorded:          | Book 490, Page 466                       |
|     | Legal Description: | NW/4 of 14-7-19 Rooks County, Kansas     |

WHEREAS, each of the above described Leases contain pooling and unitization clauses;

WHEREAS, it is in JASPAR's judgment that the pooling and/or unitization of certain lands covered by the Oil and Gas Leases will result in the conservation of resources and the economic location and spacing of wells.

NOW THEREFORE, JASPAR does, pursuant to the authority granted in the Oil and Gas Leases, hereby pool and unitize the above described Leases into one pooled and/or unitized area ("Pooled Area"), covering the following described tracts in Rooks County, Kansas:

That part of the Northeast Quarter (NE/4) of Section Fifteen (15), Township Seven (7) South, Range Nineteen (19) West of the 6<sup>th</sup> P.M., Rooks County, Kansas, described as follows:

Beginning at the Northeast corner of the Northeast Quarter (NE/4) of Section Fifteen (15), Township Seven (7) South, Range Nineteen (19) West of the 6<sup>th</sup> P.M., Rooks County, Kansas, thence South along the east boundary line of said Section a distance of 410 feet to the point of beginning; thence West parallel with the north boundary line of said Section a distance of 270 feet; thence South parallel with the east boundary line of said Section a distance of 660 feet; thence East parallel with the north boundary line of said Section a distance of 270 feet; thence North parallel with the east boundary line of said Section a distance of 660 feet to the point of beginning. Said tract containing 4.10 acres, more or less (hereinafter "Tract A"); and

That part of the Northwest Quarter (NW/4) of Section Fourteen (14), Township Seven (7) South, Range Nineteen (19) West of the 6<sup>th</sup> P.M., Rooks County, Kansas, described as follows:

Beginning at the Northwest corner of the Northwest Quarter (NW/4) of Section Fourteen (14), Township Seven (7) South, Range Nineteen (19) West of the 6<sup>th</sup> P.M., Rooks County, Kansas, thence South along the west boundary line of said Section a distance of 410 feet to the point of beginning; thence East parallel with the north boundary line of said Section a distance of 390 feet; thence South parallel with the west boundary line of said Section a distance of 660 feet; thence West parallel with the north boundary line of said Section a distance of 390 feet; thence North parallel with the west boundary line of said Section a distance of 660 feet to the point of beginning. Said tract containing 5.90 acres, more or less (hereinafter "Tract B").

The Pooled Area created hereby shall be operated as an entirety for the exploration, development and production of all oil, gas and other hydrocarbons within or produced from the Pooled Area ("Pooled Substances"), rather than as separate tracts, in accordance with the following provisions:

1. Drilling or reworking operations on or production obtained from any portion of the Pooled Area shall constitute drilling or reworking operations on or production from each of the separate tracts with the Pooled Area;

2. All production of Pooled Substances shall be allocated to the separate tracts in the proportion that the number of surface acres in each such tract bears to the total number of surface acres within the entire Pooled Area, which is described as follows:

- a. Tract A 41.0% (4.10 acres in 10 acre unit)
- b. Tract B 59.0% (5.90 acres in 10 acre unit)

3. That portion of the production of Pooled Substances so allocated to each separate tract shall, when produced, be deemed for all purposes to have been produced from such tract by a well location thereon;

4. All rights to the production of Pooled Substances, including royalties and other payments on production, shall be determined by the lease based upon the above allocation, and in lieu of the actual production of Pooled Substances from each separate tract.

5. If the lease covering lands within the Pooled Area contain a provision which requires the filing of a written designation or declaration instrument of record in order to effectuate unitization, consolidation or pooling, the filing of this instrument of record in Rooks County, Kansas shall satisfy such requirement; provided, however, that the filing of this instrument shall not thereby exhaust any pooling or unitization rights and powers of the undersigned which were granted and delegated in the lease.

6. The undersigned expressly reserves the right to correct, amend or revise this Declaration of Pooling from time to time if as it deems necessary or advisable, in accordance with the specific provisions contained in the lease. This instrument shall not be considered a cross-conveyance of title to the lease and lands within the Pooled Area.

7. This Declaration of Pooling shall continue in force and effect so long as the lease is continued in force in accordance with their respective terms, unless sooner terminated or modified in writing by the undersigned.

8. The terms and provisions of this instrument shall be binding upon and shall inure to the benefit of the undersigned and those parties on behalf of whom the undersigned has executed this instrument, as well as their respective successors and assigns.

IN WITNESS WHEREOF, this Declaration of Pooling was executed this 30<sup>th</sup> day of October, 2018.

JASPAR Co.

Re: Drilling Pit Application  
Reed Unit 1  
NW/4 Sec.14-07S-19W  
Rooks County, Kansas

Dear Shane Vehige:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit within 72 hours of completion of drilling operations.

KEEP PITS away from draw/drainage.

**If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.**

The fluids should be taken to an authorized disposal well. Please call the District Office at (785) 261-6250 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

**A copy of this letter should be posted in the doghouse along with the approved Intent to Drill.** If you have any questions or concerns please feel free to contact the District Office at (785) 261-6250.
