## HAUL-OFF PIT APPLICATION FILING REQUIREMENTS

### 82-3-607. DISPOSAL OF DIKE AND PIT CONTENTS.

- (a) Each operator shall perform one of the following when disposing of dike or pit contents:
- (1) Remove the liquid contents to a disposal well or other oil and gas operation approved by the commission or to road maintenance or construction locations approved by the department;
  - (2) dispose of reserve pit waste down the annular space of a well completed according to the alternate I requirements of K.A.R. 82-3-106, if the waste to be disposed of was generated during the drilling and completion of the well; or
  - (3) dispose of the remaining solid contents in any manner required by the commission. The requirements may include any of the following:
    - (A) Burial in place, in accordance with the grading and restoration requirements in K.A.R. 82-3-602 (f);
    - (B) removal and placement of the contents in an on-site disposal area approved by the commission;
    - (C) removal and placement of the contents in an off-site disposal area on acreage owned by the same landowner or to another producing lease or unit operated by the same operator, if prior written permission from the landowner has been obtained; or
    - (D) removal of the contents to a permitted off-site disposal area approved by the department.
- (b) Each violation of this regulation shall be punishable by the following:
- (1) A \$1,000 penalty for the first violation;
  - (2) a \$2,500 penalty for the second violation; and
  - (3) a \$5,000 penalty and an operator license review for the third violation.

### **Complete and return with Haul-Off Pit Application, Form CDP1(2004)**

Haul-off pit will be located in an on-site disposal area:  Yes  No

Haul-off pit is located in an off-site disposal area on acreage owned by the same landowner:  
 Yes  No If yes, written permission from the land owner must be obtained. Attach written permission to haul-off pit application.

Haul-off pit is located in an off-site disposal area on another **producing** lease or unit operated by the same operator:  Yes  No If yes, written permission from the land owner must be obtained. Attach permission and a copy of the lease assignment that covers the acreage where the haul-off pit is to be located, to the haul-off pit application.

RE: Gano 12-17 Well - 2387' NL & 580' EL  
Haul Off Pit Location – 2100' SL & 100' EL  
Section 17-25S-36W  
Kearny County, Kansas

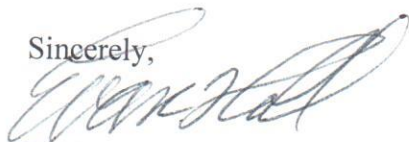

Dear Property Owner:

Prior to issuing a permit to drill, the Kansas Corporation Commission is requiring the property owner be notified. The operator for the captioned well is:

American Warrior, Inc.  
P.O. Box 399  
Garden City, KS 67846  
Contact: Kevin Wiles – (620) 271-4407 – kwiles@awioil.com

I'm enclosing a copy of the intent to drill filed with the KCC, a plat showing the well, lease road, pipeline, electric line. Since the location is under an irrigation sprinkler, we will use an off site pit location as indicated above. If the well is completed as a producer, the existing Gano Tank Battery will be used. This is all preliminary and non-binding, being shown simply to satisfy State requirement. The actual locations will be determined by the dirt contractor, W & L Dirt (620) 793-2817. If you want to be involved with the locations, contact W & L and coordinate with them.

Sincerely,

R. Evan Noll

CONSENT

KMT, LLC recognizes American Warrior, Inc., will be drilling the following wells, located in Kearny County, Kansas, to-wit:

- a) Gano 11-17, located 2395' SL & 2475' EL of said Section 17-25S-36W &
- b) Gano 12-17, located 2387' NL & 580' EL of said Section 17-25S-36W

Since both wells are located on irrigated property, off site or haul off pits shall be required. KMT, LLC, grants American Warrior, Inc. permission to have said haul off pit located:

For Gano 11-17, haul off pit shall be located approximately 2540' SL & 2190' WL of said Section 17;

For Gano 12-17, haul off pit shall be located approximately 2100' SL & 100' EL of said Section 17

KMT, LLC, surface owner executes this consent on this 19 day of November, 2018.

Re: Haul-Off Pit Application  
Gano 12-17  
Sec.17-25S-36W  
Kearny County, Kansas

Dear Kevin Wiles:

District staff has inspected the above referenced location and has determined that the Haul-Off pit shall be constructed **without slots**, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the Haul-Off pit within 96 hours of completion of drilling operations.

**NO completion fluids or non-exempt wastes shall be placed in the Haul-Off pit.**

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 682-7933 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

If you have any questions or concerns please feel free to contact the District Office at (620) 682-7933.
