BEFORE THE STATE CORPORATION COMMISSION OF THE STATE OF KANSAS NOTICE OF FILING APPLICATION

RE: OXY USA Inc Application for order to commingle Lansing, Kansas City, Marmaton and Morrow sources of supply in the Blasdel A-1 well located in Sec 4 Twp 90S R 33W Haskell County, Kansas

TO: All Oil and Gas Producers, Unleased Minerals Interest Owners, Landowners, and all persons whosever concerned.

You and each of you are hereby notified that OXY USA Inc has filed an application to commingle the production from the Lansing, Kansas City, Marmaton and Morrow sources of supply in the Blasdel A-1 well located in the NW/4 of Sec 4 Twp 90S R 33W in Haskell County, Kansas.

Any persons who object to or protest this application shall be required to file their objections or protests with the Conservation Division of the State Corporation Commission of the State of Kansas within fifteen (15) days from the date of this publication. All these protests shall be filed pursuant to Commission regulations and must state specific reasons why the grant of the application may cause waste, violate correlative rights or pollute the natural resources of the State of Kansas. If no protests are received this application may be granted through a summary proceeding. If valid protests are received this matter will be set for hearing.

All persons interested or concerned shall take notice of the foregoing and shall govern themselves accordingly.

RE: Approved Commingling CO091107
Blasdel A #1, Sec.4-T30S-R33W, Haskell County
API No. 15-081-21912-00-01

Dear Ms. Hickert:

Your Application for Commingling (ACO-4) for the above described well has been reviewed and approved by the Kansas Corporation Commission (KCC) per K.A.R. 82-3-123. Notice was examined and found to be proper per K.A.R. 82-3-135a. No protest had been filed within the 15-day protest period. This application, which was received by the KCC on September 26, 2011 concerns approval to simultaneously produce from the following sources of supply through the same tubing string in the same wellbore:

Source of Supply	Estimated Current Production			Perf Depth
	BOPD	MCFPD	BWPD	
Lansing	0.39	0	1	4223-4229
Kansas City	6.63	0	22	4672-4678
Marmaton	5.98	0	19	4790-4803
Morrow	0	0	0	5332-5346
Total Estimated Current Production	13.0	0	42	

Based upon the depth of the Morrow formation perforations, total oil production shall not exceed 200 BOPD and total gas production shall not exceed 50% of the absolute open flow (AOF).

Commingling ID number CO091107 has been assigned to this approved application. Use this number for well completion reports (ACO-1) and other correspondence that may concern this approved commingling.

Sincerely,

Rick Hestermann
Production Department
