RE: Approved Commingling CO051301
St Joseph 1-10, Sec. 10-T12S-R32W, Logan County
API No. 15-109-21150-00-00

Dear Mr. Birdwell:

Your Application for Commingling (ACO-4) for the above described well has been reviewed and approved by the Kansas Corporation Commission (KCC) per K.A.R. 82-3-123. Notice was examined and found to be proper per K.A.R. 82-3-135a. No protest had been filed within the 15-day protest period. This application, which was received by the KCC on May 6, 2013, concerns approval to simultaneously produce from the following sources of supply through the same tubing string in the same wellbore:

| Source of Supply | Estimated Current Production | | | Perf Depth |
|------------------------------------|------------------------------|-------|-------|------------|
| | BOPD | MCFPD | BWPD | |
| Johnson | 100.0 | 0.0 | 55.0 | 4383-4599 |
| Lansing | 50.0 | 0.0 | 50.0 | 4194-4268 |
| Total Estimated Current Production | 150.0 | 0.0 | 105.0 | |

Based upon the depth of the Johnson formation perforations, total oil production shall not exceed 200 BOPD and total gas production shall not exceed 50% of the absolute open flow (AOF).

File Form ACO-1 upon re-completion of the well to commingle.

Commingling ID number CO051301 has been assigned to this approved application. Use this number for well completion reports (ACO-1) and other correspondence that may concern this approved commingling.

Sincerely,

Rick Hestermann
Production Department
