RE: Approved Commingling CO071304
Spicer W1, Sec.23-T33S-R11W, Barber County
API No. 15-007-23320-00-01

Dear Mr. Roberts:

Your Application for Commingling (ACO-4) for the above described well has been reviewed and approved by the Kansas Corporation Commission (KCC) per K.A.R. 82-3-123. Notice was examined and found to be proper per K.A.R. 82-3-135a. No protest had been filed within the 15-day protest period. This application, which was received by the KCC on July 15, 2013 concerns approval to simultaneously produce from the following sources of supply through the same tubing string in the same wellbore:

Source of Supply	Estimated Current Production			Perf Depth
	BOPD	MCFPD	BWPD	
Mississippi	10.0	4.0	120.0	4542-4568
Misener	30.0	62.0	0.0	4842-4844
Total Estimated Current Production	40.0	66.0	120.0	

Based upon the depth of the Misener formation perforations, total oil production shall not exceed 200 BOPD and total gas production shall not exceed 50% of the absolute open flow (AOF).

Commingling ID number CO071304 has been assigned to this approved application. Use this number for well completion reports (ACO-1) and other correspondence that may concern this approved commingling.

Sincerely,

Rick Hestermann
Production Department
